GENERAL INDEX

المقــدِّمَة

PREFACE

مُقـَـدِّمَة المؤلِّف

إنَّ فِكرةَ عالميَّةِ القواعدِ العربيّةِ قدْ طالعتْني في خلالِ وضْعيَ كتابيَ الأوّلَ «معجمُ قواعدِ اللّغةِ العربيّةِ في جداولَ ولوْحاتٍ».

والمعجمُ المذكورُ هوَ كتابُ قواعدَ عربيٌّ، ألّفهُ كاتبٌ عربيٌّ، لِلقارئِ العربيِّ، في إطارِ تنظيمٍ علميٍّ لِلْمادةِ المطلوبِ تعليمُها. والمرحلةُ التاليةُ كان لا بدَّ لَها منْ أنْ تُفْضيَ بنا إلى تشْويقِ القارئِ الأجْنبيِّ لِتجْربةٍ ثقافيّةٍ مماثلةٍ. إنَّ وضوحَ اللّغةِ العربيّةِ وصفاءَها ودقّتَها، تُتيحُ لصرفِها ونحوِها، حقَّ مرورٍ لا يُضارَعُ إلى العالَميَّةِ؛ شرْطَ أنْ لا تَضيعَ عنِ البالِ، خلالَ المسْرَى الّذي يَربطُ لُغةً بأُخْرى، مَنابعُ المُصطلحاتِ ومَقاصِدُ النُّحاةِ. وهدفُ العالميّةِ كما فُهِمَتْ في هذا المؤلَّفِ هوَ في أنْ يُبسَطَ التَّصنيفُ القواعديُّ العربيُّ على اللّغاتِ كُلِّها وعلى البَشرِ كُلِّهِمْ.

إنَّ أولى الدّلالاتِ على طريقِ التّعميمِ تَقتضِي إيجادَ حلولٍ لِحالاتِ الإعرابِ حيثُ هناكَ رُموزٌ اصطلاحيّةٌ واقعةٌ على آخرِ كلِّ كلمةٍ تدلُّ على تعدُّدٍ في المعاني.

وفي العربيّةِ ثلاثُ حركاتٍ: ضَمّةٌ (*u*)، فَتْحَةٌ (*a*)، كَسْرَةٌ (*i*)، وَسُكُونٌ (quiescence) يُضادُّ الحركةَ. إنَّ وجودَ أيٍّ منها على آخرِ الكلمةِ يُولِي هذهِ الكلمةَ وظيفةً قواعديّةً زائدةً على معنَى الكلمةِ الخاصِّ.

AUTHOR'S PREFACE

The notion of the universality of Arabic grammar first occurred to me during the composition of my first book: «A Dictionary of Arabic Grammar in Charts and Tables». That dictionary is an Arabic grammar written by an Arab author for an Arab reader according to a scientific arrangement of the matter to be taught. The obvious next step was to lead the foreign reader to an analogous cultural experience. The clarity, lucidity, and precision of the Arabic language certainly give its morphology and syntax a right to universality, provided that the sources of the terminology and the intention of the grammarian are not lost in the transfer from one language to another. Universality, as understood in this book, aims to extend Arabic grammatical nomenclature to all languages and all men.

The first demonstration on the way towards generalization consists in resolving the situations of declension (حَالَاتُ الإِعْرَاب) wherein conventional symbols placed at the end of each word indicate a diversity of meanings. There are in Arabic three vowels: *u* (ضَمَّة), *a* (فَتْحَة), *i* (كَسْرَة), and an anti-vowel, the quiescence (سُكُون). The presence of one of them at the end of a word gives that word a grammatical function over and above its own meaning.

إنَّ الأواخرَ الواقعةَ عليها الضمّةُ (u) مخصوصةٌ بالوضعيّاتِ الطبيعيّةِ للكلمةِ، وبحالةِ الابتداءِ، وبالفاعليّةِ. وكلُّ كلمةٍ توجَدُ غيرَ خاضعةٍ لعاملٍ نحويٍّ [أيْ عندَما يكونُ هذا العاملُ مرفوعًا عنها] يجبُ أنْ تنتهيَ بالضمّةِ. هذا هوَ إذًا الآخِرُ المرفوعُ أوْ حالةُ الرّفعِ. إنَّ كلمةَ (regula) في اللّاتينيّةِ تُتيحُ إمكانيّاتٍ أكثرَ تشويقًا في مُشتقّاتِها: مَرْفُوعٌ (regular)، رَفْعٌ (regularity)، رَافِعٌ (regulator) الخ...

أمّا الفتحةُ (a) فهيَ حركةُ الفتحِ المُثْلَى، وهيَ مَخصوصةٌ بحالاتِ النّصبِ، مُغْنيةً في ذلكَ اللّغةَ بشروحاتٍ تَتشكّلُ منْ فضلاتٍ.

وأمّا الكسرةُ (i) فتكشِفُ عنْ أشباهٍ لها، قريبةٍ، في اللّغاتِ الأُخرى، لِأَنّها تقتضِي في لفظِها خفضًا (reduction) في الشّفتينِ. وهيَ تُجسّدُ في آخرِ الاسمِ حالاتِ الجرِّ، طالبةً لها، في الجملةِ، متعلَّقًا ذا مدلولٍ.

ويبقَى السكونُ (quiescence) البليغُ في صمتهِ بحدِّ ذاتهِ، مُستدعيًا في آخرِ الفعلِ عملَ القطعِ أيِ الجزمِ.

وخلاصةُ القولِ:

١ ـ ضَمّةٌ، مَرْفُوعٌ، رَفْعٌ .... (Vowel u, ending in u, regularity)

٢ ـ فَتْحَةٌ، مَنْصُوبٌ، نَصْبٌ .... (Vowel a, ending in a, openness)

٣ ـ كَسْرَةٌ، مَجْرُورٌ، جَرٌّ .... (Vowel i, ending in i, reduction)

٤ ـ سُكُونٌ، مَجْزُومٌ، جَزْمٌ........................ (Quiescence, elided ending, elision)

إنَّ تأويلَ حالاتِ الإعرابِ هذهِ، والّتي لا ذكرَ لها في مفرداتِ المُستشرقينَ، تَعكسُ أصالةَ الفكرِ العربيِّ ويمكنُ استعمالُها في اللّغاتِ جميعاً.

وربَّ مُتسائلٍ: إنَّ المستشرقينَ لا يجهلونَ هذهِ المعلوماتِ البديهيّةَ، تُرَى ألمْ تراودْهم فكرةُ استغلالِها؟

Endings in *u* (ضَمَّةٌ) are reserved for normal situations of the word, for primacy, and for action. Any word that is not under some syntactic influence [that is, when such influence is lifted (مَرْفُوعَةٌ) from it], should end in the vowel *u*. Thus it is the regular (مَرْفُوعٌ) ending, or the situation of regularity (رَفْعٌ). The word [regula] in Latin allows interesting possibilities in derivation: regular (مَرْفُوعٌ), regularity (رَفْعٌ), regulator (رَافِعٌ), etc.

The vowel *a* (فَتْحَةٌ) is above all an open vowel, and it is used for situations of openness (نَصْبٌ), thereby enriching the language with supplementary explications.

The vowel *i* (كَسْرَةٌ) presents close resemblances to other languages in that its pronunciation necessitates a reduction (خَفْضٌ) of the lips. It concretizes at the end of the noun situations of reduction (جَرٌّ) which establish for it a dependency in meaning.

Finally there is the quiescence (سُكُونٌ), eloquent by its very silence for evoking at the end of the verb the action of cutting (قَطْعٌ) that is, elision (جَزْمٌ).

In sum:

1 – Vowel *u*, ending in *u*, regularity .... (ضَمَّةٌ، مَرْفُوعٌ، رَفْعٌ)
2 – Vowel *a*, ending in *a*, openness .... (فَتْحَةٌ، مَنْصُوبٌ، نَصْبٌ)
3 – Vowel *i*, ending in *i*, reduction .... (كَسْرَةٌ، مَجْرُورٌ، جَرٌّ)
4 – Quiescence, elided ending, elision ...... (سُكُونٌ، مَجْزُومٌ، جَزْمٌ)

This interpretation of situations of declension, though absent from the vocabulary of the orientalists, nonetheless reflects the basic Arab way of thinking and is useful in all languages.

But, one may say, the orientalists are surely not ignorant of these facts, which are so obvious besides; why is it that they have not been interested in exploiting them?

ثَمّتَ مظهرانِ يُطالعانِنَا لدَى قراءتِنا الكتبَ الّتي تُعالجُ القواعدَ العربيّةَ في لُغةٍ أجنبيّةٍ ما:

١ - كلُّ لُغويٍّ حاولَ أَنْ يشرحَ العربيّةَ جاهدًا في إيجادِ قَرينٍ لَها في لغتهِ الأُمِّ.

٢ - وَإذا كانَ كلُّ لغويٍّ وَإنِ انطلقَ من تفكيرٍ منطقيٍّ، عارفًا إلى أَين هو مُفْضٍ، فإنّهُ يَصعُبُ في المقابلِ على القارئ أَنْ يتبعَهُ في الطّريقِ الّتي شقّها لهُ.

لِذا رغبتُ في مُبادَأَةِ عملٍ يَسيرُ في اتجاهٍ مختلفٍ عن آتجاهِ المستشرقِ الاتّباعيِّ، وهوَ غيرُ العربيِّ والّذي انصرفَ الى دراسةِ لغتِنَا وحضارتِنا. لماذا إذًا، لا يَنهَضُ عربيٌّ، لبنانيٌّ - في المناسبةِ - إلى شرحِ قواعدِ العربيّةِ للأَجانبِ مُستعيناً بالانكليزيةِ، لا ليُقيمَ مُوازنةً بينَ اللّغتينِ، بلْ ليُحقّقَ واسطةَ اتصالٍ لنقلِ الفكرِ العربيِّ. وكمْ جهدْتُ في أنْ أُجنّبَ القُرّاءَ، متى أَرادُوا أنْ يَتمثّلُوا المقارناتِ البارعةَ الّتي أَتَى بها المستشرقونَ، وجوبَ عودتِهِمْ إلى التحديداتِ التِقنيّةِ في القواعدِ الانكليزيّةِ. وما أَغفلْتُ أنَّ بعضَ القرّاءِ يمكنُ أنْ يكونَ قد نسيَ أُصولَ قواعدهِ الخاصّةِ، وليسَ يُجْديني أَنْ أَطلُبَ منهُ بَذْلَ جُهدينِ في آنٍ واحدٍ. فالجهدُ الوحيدُ المفروضُ هوَ في أَنْ يفهمَ حقيقةَ معنَى المصطلحاتِ العربيّةِ المستعملةِ، فلَا تَلْزَمُهُ الإنكليزيّةُ إلّا أَداةَ تعبيرٍ فُضْلى وليس أَداةَ مقارنةٍ فُضْلى.

وعلى سبيلِ المثالِ أَسوقُ تعبيرَ [الفعلُ المضارعُ] الّذي أَسميتُهُ (Conform verb)، مع أَنَّ المستشرقينَ قدْ تَوافقُوا على عباراتٍ مثلَ: (Unaccomplished verb, present or present-future) أيْ أَنّهُمْ حدَّدوا هذا الفعلَ تحديدًا زمنيًّا. علمًا بأَنَّ العَرَبَ قدْ قالُوا: «الفعلُ المضارِعُ» عانينَ بهِ الفعلَ المماثلَ، المشابهَ، المضارعَ... لأَنَّ صيغةَ هذا الفعلِ هيَ الوحيدةُ الّتي تُشْبهُ الاسمَ في قَبولهِ الإعرابَ. فَالاسمُ، كونَهُ أَكثرَ من غيرهِ كلمةً معربةً، يُضْحي البناءُ بالنّسبةِ إليهِ حالةً شاذّةً؛ أَمّا الفعلُ، كونَهُ مبنيًّا أَبدًا في صيغتي الماضي والأَمرِ، فَهو معربٌ فقطْ في بعضِ حالاتِ التّصريفِ. هذا التماثلُ

Two phenomena emerge from a reading of works treating Arabic grammar in a foreign language:

1 — Each author has tried to explain the Arabic by seeking comparisons in his own native language.

2 — Although each author, according to his own logic, knows perfectly well where he wants to go, it is nonetheless very difficult for the reader to follow him along that road.

That is why I have chosen to undertake a work in a different direction from that of a classical orientalist, who is a non-Arab studying our language and our civilization. Why should not an Arab, Lebanese as it happens, explain Arabic grammar to foreigners by using English not to make a parallel with English grammar, but as a means of communication for explaining Arabic thought? Besides, it is desirable to spare readers the task of going to the technical definitions of English grammar simply in order to follow the ingenious comparisons established by the orientalists. Furthermore, some readers may have forgotten the rules of their own grammar, and it would be useless to set them two tasks at the same time. The only effort asked for here will be that of understanding the true meaning of the Arabic terminology being used, with the English language serving purely as an instrument of the best expression rather than of the best comparison.

I take as an example the term (فِعْلٌ مُضَارِعٌ), which I have called conform verb, even though orientalists have agreed on expressions like unaccomplished verb, or present, or present-future, i.e. to define this verb in a tense. But the Arabs have used (مُضَارِعٌ) to say similar, analogous, conform, because this mood of the verb is the only one which resembles the noun in that it admits declension (إِعْرَابٌ). The noun being, above all, the declined word (مُعْرَبٌ), structure (أَلْبِنَاءُ) is for it an exceptional situation; the verb being always structured (مَبْنِيٌّ) in the past and imperative moods, it is

بينَ الفعلِ والاسمِ تكرّسَ باستعمالِ تعبيرِ [الفعلُ المضارعُ] (Conform verb). صحيحٌ أنَّ هذا التعبيرَ الأخيرَ يَبدُو مُفرَّغًا من المَعْنى في القواعدِ الانكليزيّةِ، بَيْنَما قولُهُمْ (Unaccomplished verb) يمكنُ أَنْ يُوحِيَ إيحاءً أفْضَلَ بمعنَى الحاضرِ. ولكنَّ غايةَ هذا البحثِ ليستْ في محاولةِ إيجادِ مُقاربةٍ بعيدةٍ بينَ التّعابيرِ المستعملةِ، إنَّما هيَ في أَنْ توضحَ بدقّةٍ كيفَ أنَّ العربَ قد وضعوا تعابيرَهُمْ.

لِهذا السببِ تحاشيتُ استعمالَ كلماتٍ مثلِ: (Adjective, epithet, attribute, complement, pronoun, preposition, conjunction, infinitive, participle) الخ... لأنَّ معادِلاتِها العربيّةَ لها وظائفُ مُختلفةٌ لا تتوافقُ دائمًا مع المضمونِ الفرنسيِّ. ولِي مِثالٌ صارخٌ على ذلكَ في الجملةِ الاسميّةِ. فَعِنْدما يُقالُ في العربيّةِ: ألْطَّقْسُ جَمِيلٌ، يكونُ قولُهُمْ جملةً تامّةَ المعنَى. فالطَّقْسُ مُسْنَدٌ إليهِ، وجميلٌ هو المسندُ.
مُسْنَدٌ إلَيْهِ + مُسْنَدٌ = جُمْلَةٌ.

إلّا أنَّ شروطًا عدّةً يجبُ أنْ تتوافرَ لِتجعَلَ من [الطّقسُ] مسندًا إليهِ ومنْ [جميلٌ] مسندًا. هذه الشّروطُ مجتمعةً تتكرّسُ بلفظِ المبتدإ لوظيفةِ المسندِ إليهِ، وبلفظِ الخبرِ لوظيفةِ المسندِ. وبالتأكيدِ فإنَّ جملةَ [الطّقْسُ جميلٌ] تُضْمِرُ في العربيّةِ بأنَّ «ألطّقسُ [هُوَ] جَميلٌ» جاعلةً من الصّفةِ النّكرةِ [جميلٌ] مَسْنَدًا كاملًا يدعَمُهُ مُضْمَرٌ مستترٌ.

إنَّ رُكْنَي العُمدةِ في الجملةِ الاسميّةِ سَيُسَمّيان في هذا المؤلَّف: (Primate and predicate) مبتدأً وخبرًا. فالمبتدأُ هو لِتأكيدِ صَدارةِ الابتداءِ بموجَبِ الأهمّيّةِ التقليديّةِ لهذهِ الوظيفةِ. والخبرُ هو لتعيينِ ما يقالُ لِلمبتدإ في البيانِ الرُّكنيِّ أيْ في الكلامِ المفيدِ. فالمبتدأُ والخبرُ في تكْوينِهما ثُنائيّةٌ غيْرُ منفصلةٍ في النّحوِ سَيُوحيانِ حتّى في رَوِيّهِما بعضًا من هذا التّناغمِ الّذي يوافقُ المشاعرَ، ويُيَسّرُ وحْدةَ الفكرِ.

only in certain conjugations that it can be declined. This similitude of the verb to the noun has been consecrated here by use of the term: conform verb (فِعْلٌ مُضَارِعٌ). It is true that this expression seems meaningless in English grammar, while [unaccomplished verb] can better suggest the meaning of the present. But the goal of this study is not to fashion a rough approximation between terms. Rather it aims to show in a precise way how the Arabs have named their own.

For this reason I have avoided using words such as adjective, epithet, attribute, complement, pronoun, preposition, conjunction, infinitive, participle, etc., because their Arabic correspondents have varied functions which do not always agree with the English context. A typical example is that of the nominal sentence. When one says in Arabic: (أَلطَّقْسُ جَمِيلٌ) [The weather beautiful] this is a complete sentence. Weather is the subject (مُسْنَدٌ إِلَيْهِ) and beautiful, is the information (مُسْنَدٌ). Subject + information = sentence.

However, several conditions must be fulfilled in order to make [weather] a subject and [beautiful] an information. These conditions taken together will be consecrated by the term (مُبْتَدَأٌ) for the subject-function and (خَبَرٌ) for the information-function. Assuredly the sentence, [The weather beautiful] (أَلطَّقْسُ جَمِيلٌ) implies in Arabic that «the weather [is] beautiful» making of the indeterminate adjective [beautiful] a complete information sustained by a hidden copula.

The two terms of the pillar (عُمْدَةٌ) of the nominal sentence will be called in this book: Primate and Predicate (مُبْتَدَأٌ وَخَبَرٌ). Primate, to show the priority of the initiative in virtue of the traditional importance of that function. Predicate, to express what is said of the primate in the fundamental enunciation, i.e. the meaningful speech. Primate and predicate, constituting an inseparable tandem of syntax, will also suggest by their rhyme something of that harmony which soothes the feelings and favors unity of thought.

لقد اخترتُ هذهِ النّماذجَ لِأرشدَ إلى الطّريقةِ الّتي اتّبعتُها في حلّ بعضِ مشكلاتِ التّأويلِ والتعادلِ. وكلُّ كلمةٍ، بل كلُّ تعبيرٍ في هذا المعجم قدِ استدْعَى سلسلةً من المواقفِ التقريريّةِ طالَما أنَّ القرارَ المتّخذَ يُشكِّلُ تحدّيًا ثابتًا في البحثِ عن صيَغٍ ناجعةٍ لِبَثّ أفضلَ للقواعدِ العربيّةِ في العالمِ.

* * * * *

إنَّ النّاشرَ، المُقدِّرَ جدًّا للمفاهيمِ الّتي وضعَها المستشرقونَ الاتّباعيّونَ، والحذِرَ جدًّا تجاهَ المؤلّفينَ الّذينَ يرغبونَ في إثارةِ تَطوّرٍ مُتعجّلٍ على حسابِ المبادئِ التقليديّةِ، والحريصَ في الوقتِ نفسهِ على أنْ يستجيبَ لِطموحاتِ الجمهورِ الّذي يُكوّنُ العائلةَ الكبْرَى لِمكتبةِ لبنانَ، إنَّ «نَاشِري» يُفسحُ ليَ هُنا في المجالِ لِأُعْلِنَ التّحدّيَ. وَإنّي بِجميلِهِ لَمُقِرٌّ.

* * * * *

زعمُوا في مدارسِ النّحوِ العربيّ أنَّ أبا الأَسْودِ (٦٦٤ م، ٤٢ هـ) وهوَ أوّلُ نحويّ وضعَ النَّقْطَ على الحروفِ في عهدٍ لمْ تكُنْ فيهِ الحركاتُ الحاليّةُ معروفةً بعدُ، وَفيمَا هو يُجَوِّدُ الآياتِ القرآنيّةَ، أَوْصَى كاتِبَهُ باتّباعِ التّوجيهاتِ الآتيةِ:

«إذا رأيتَني قد فتحتُ شفتيَّ بالحرفِ فانْقُطْ نقطةً فوقَهُ، على أعلاهُ، وإنْ ضَممتُ شفتيَّ فانْقُطْ نقطةً بينَ يدي الحرفِ، وإنْ كسرتُ شفتيَّ فاجعلِ النقطةَ من تحتِ الحرفِ، فإنْ أتْبعتُ شيئًا من ذلكَ غُنَّةً [تنوينًا] فاجعلْ مكانَ النقطةِ نقطتينِ.»

ولوْ حقّ التّفلسفُ على هذهِ التّوجيهاتِ الصّارمةِ لَجازَ النّطقُ بهَا على الشكلِ الآتي:

١ - إذا رأيتَني أَضمُّ شفتيَّ وأنا أَتلفّظُ بالحرفِ، فاعْلَمْ بأنّني أتكلّمُ على أُمورٍ جوهريّةٍ ذاتِ معانٍ تامّةٍ تتعلّقُ بالعملِ، وبصانعِ العملِ وبِروحِ المُبادرةِ؛ إنَّ حركةَ الشفتينِ هذهِ تَسْتجيبُ لِرَغْبةٍ في إيجادِ عَلاقةٍ مُترفّعةٍ بينَ البشرِ وفي تحقيقِ أَوْلويّةِ انتصارِ الفكرِ.

These few examples have been selected to illustrate the method followed in solving problems of interpretation and equivalence. Each word, each term of this dictionary has started a process of decision-making, while each decision made represents a constant challenge to the search for effective formulae for a better diffusion of Arabic grammar in the world.

* * * * *

My publisher, very respectful of conceptions established by classical orientalists, very cautious regarding authors who wish to force a rapid evolution upon traditional notions, but also very willing to satisfy the aspiration of the public which constitutes the great family of La Librairie du Liban... my publisher gives me here the chance to take up the challenge. I am grateful for it.

* * * * *

The story is told in the Schools of Arabic grammar that about the year 664 C (42 H), the Master **É*a*B*u*O ÈL'É*a*S'O*a*D** (أَبُو آلأَسْوَد), the first grammarian to have placed points on the letters at a time when the vowels (حَرَكَات) now in use did not exist... it is said that this Master, in declaiming the quranic texts, had given the following directives to his calligrapher:

"If you see me open my mouth to pronounce the letter, put a dot on the upper edge; if I bring together my lips, place a dot between the two sides of the letter, and if I reduce my lips, put the dot under the letter. But if I follow up each of those movements with a modulation, then replace each dot by two others."

If it is permitted to philosophize upon these strict directives, this could be said:

1 – If you see me bring my lips together in pronouncing a letter, you will know that I am speaking of essential things and complete meanings relative to action, to the author of the action, and to the spirit of initiative. This movement corresponds to a desire to regularize communication between human beings and to make triumph the primacy of thought.

٢ ـ وإذا رأيتَني أفتحُ فمِي، فقُلْ إنَّنِي أبحثُ عن معلوماتٍ إضافيّةٍ عمَّنْ يقعُ عليه عملُ الفعلِ وما يُحيطُ بسياقِ العملِ. لقدْ رعَتِ العَرَبُ دائمًا فضيلةَ الانفتاح على الوضوحِ والتقدّمِ.

٣ ـ وإذا رأيتَني أَخْفضُ شفتيَّ، فلا تنْسَ أنّني أتَشدّدُ في دِقّةِ استعمالِ الكلماتِ وفي التّنسيقِ لدى بثِّ الأفكارِ. إنَّ الإتقانَ ميزةُ الملوكِ.

٤ ـ ومتَى سمعتَ غُنَّةً في صوْتي، فاحْسَبْ أنَّ مُعَلّمَكَ زمّيتٌ في تحديدِ الأمورِ وصيانةِ مَكانَةِ المَشاعرِ. وٱذْكُرْ لِنَفْسِكَ أبدًا، أنَّ أعْنَفَ المسائلِ تُمكنُ معالجتُها بالعذوبةِ والتّوافقِ.

أنطوان الدحداح

2 – If you see me open my mouth, tell yourself that I am looking for a supplement of information on all that submits to the action of the verb and on all that goes with the unfolding of the action. The Arabs have always cultivated openness to clarity and progress.

3 – If you see me reduce my lips, do not forget that I demand precision in the use of words and coordination in the expression of ideas. Exactitude is the privilege of kings.

4 – In all the instances where I have recourse to modulation of my voice, you shall think that the Master is intransigent regarding the definition of terms and the compatibility of feelings. Remember that even the most violent questions can be treated with gentleness and harmony.

Antoine EL-DAHDAH

مُقَدِّمَةُ مُرَاجع اللّغَة العربيّة

حينَ تَناولْتُ لأوّلِ مرّةٍ، «معجمَ قواعدِ اللّغةِ العربيّة، في جداولَ ولوحاتٍ»، شَدّتْني إليهِ فُرادَةٌ في التّجميعِ والتّفريع، لم يَبْلُغْها حتّى الأصوليّونَ الأفْذاذُ. ولَشَدّ ما فاجأني هذا التّعاطي المنطقيُّ، معَ لُغَةٍ جَمالُها في ثرْوةِ مَنْطِقِها، وتوهّمْتُ أنّ صاحِبَ هذا المعْجمِ قدْ أدّى قسْطَهُ، حتّى عرضَ عليّ مُعْجمَهُ الجديدَ في المُعرباتِ والمَبنيّاتِ، فأدركْتُ أنّ سياحَةَ هذا القواعديّ قدْ خَطّتْ مسارَها، ورَسمَتْ غاياتِها، لكنْ ما قدْ تَبْلُغُهُ يَبْقى فوْقَ الظّنّ.

أصوليٌّ هوَ ولا شكّ في تَعاطيهِ معَ اللّغةِ، ولكنّهُ محلّلٌ، وشَغوفٌ بالعلَلِ والمعْلولاتِ. والأصوليّةُ عندهُ، على اتّباعيّتِها، فيهَا الكثيرُ منَ الخَلْقِ والتّجديدِ، وهنا مكْمَنُ السّرّ في بَراعةِ عرْضِهِ القواعِدَ على قاعدتَيْنِ هُما الإعْرابُ والبِناءُ في اللّغةِ العرَبيّةِ؛ في الإعراب يكْتشِفُ التّحوّلاتِ وفي البِناء يُرسّخُ الثباتَ، ومَا بَقاءُ العربيّةِ فَتيّةً لا تَشيخُ سِوى نتيجَةٍ لهذهِ الطّواعيّةِ في التّحوّلِ ولهذا العِنادِ في الثّباتِ.

ARABIC REVISER'S PREFACE

On first seeing the «Dictionary of Arabic Grammar in Charts and Tables», I was quite taken by the originality of this effort in collection and classification, an effort unequalled by even the most eminent of standard grammarians. Great was my admiration for this logical handling of a language whose beauty resides in the richness of its logic, and I considered that the author of that dictionary had done a fine piece of work. Then he offered me the chance to collaborate on a new dictionary: a Dictionary of Declined and Structured Terms, and I learned that the range of this grammarian, both in his treatment and in his goals, steps out beyond what we had hitherto imagined.

Doubtless, he is traditional in his handling of the language, but he is also analytic and passionately devoted to linking effect to cause. Even his traditionalism, despite its classicism, contains much creative innovation. Here perhaps is the secret of his inventiveness in exposing the rules of grammar on the two bases of the Arabic language: declension and structure. In declension he discovers the transformations; in structure he affirms the constants. And in what consists the enduring youthfulness of Arabic, its resistance to growing old, if not in this willingness to be transformed together with steadfastness to perdure?

ومعْجمُ المُعرباتِ والمَبنيّاتِ، لا يَسْعى إلى وضْعِ قوانينَ لِلّغةِ، ولكنّهُ يسْعى إلى وضْعِ قوانينَ عربيّةِ النّجار، لإدراكِ هذه اللغّةِ ولِفهمِ هذا الحَشْدِ الهائِلِ منَ التّعريفاتِ فيها. هذهِ التّعريفاتُ الّتي حاولَها المُسْتشْرقونَ بمنْطقِ لُغاتِهِمْ، ففاتَهُمْ جوْهرُ الفكرِ العربيّ، وفاتَهُمْ التّحديدُ الدّقيقُ، لأنّ ما كانَ في نيّةِ اللّغويّ العربيّ غيْرُ ما هوَ في نيّةِ اللّغويّ المُسْتشْرقِ.

إنّ ما يحاولُهُ المؤلّفُ في نِتاجِهِ الثّاني هو العودةُ بِالعربيّةِ إلى مَنابعِها، أيْ إلى منْطِقِ الوظيفةِ الإعرابيّةِ والدّلالةِ البِنائيّةِ.

إنّ هذا العملَ، فيما هو يتوجّهُ إلى الأجانب، يُوجّهُ في الوقْتِ عينِهِ، أبْناءَ العربيّةِ أنفسَهُم، وبينما هو يتجاوزُ الطّابعَ المدرسيّ، يخدُمُ همومَ المدرسيّينَ، ويقدّمُ إليهِم مادةً صالحةً لِلبحْثِ والنّقاشِ.

إنّ الرّبْط المُحكمَ بينَ المَعاني والألفاظِ في هذا المعْجمِ، وبينَ المُضْمَرِ والظّاهرِ، هوَ ما يسْعَى إليهِ المؤلّفُ، سَعْيَهُ إلى الرّبْطِ بينَ اللّسانِ العربيّ واللّسانِ الأجْنَبيّ منْ غيرِ الوُقوعِ في ابْتِذالِ الحرفيّةِ، أو الجُنوحِ إلى توهُّمِ المعْنَى.

السّفير انطوان الدّحداح، بعدَ أنْ جدْوَلَ القواعدَ، يُحاولُ تفسيرَهـا، ولكـنْ منْ ذاتِها غيرَ مُسْتعينٍ عليْهَا إلّا بِها؛ وهوَ يهدُفُ لا إلى تضْييقِ دائِرَتِها بلْ إلى إطْلاقِ عالميّتِها.

وما منْ شكٍّ في أنّ لغةً قدْ قَهرَتْ ألفَيْ سنةٍ على الأقلّ منْ غيرِ أنْ تَثْلَمَ نِصالُها، معَ كثْرةِ ما قارعَتْ، لهيَ لغَةٌ جَديرةٌ بأنْ تكونَ العالمِيّةُ صفَتَها المُثْلَى؛ وما تَحتاجُ إليهِ، ليسَ في قُدرَتِها هيَ على التّوسُّعِ، ولكنّهُ في قُدرةِ المُشْتَغلينَ بها على الاستجابَةِ لِمُكْناتِها الهائِلَةِ.

وهذهِ المُكناتُ هيَ الّتي يحاولُ المؤلّفُ أنْ يضعَها بينَ أيدي المُهتَمّينَ بِالعربيّةِ، عَرَبًا كانوا أوْ أجانبَ، راسِخينَ فيها أوْ مُتدرّجينَ في جَمالاتِها.

اليّاس مَطَر

The Dictionary of Terms of Declension and Structure, does not try to lay down the rules of the language, but it tries to give norms of Arabic character for the comprehension of the language and the clarification of its prodigeous mass of definitions. These definitions the orientalists have expressed in the logic of their own languages, and so the essence of the Arabic thought as well as the precise interpretation of terms have escaped them because the intention of the Arabic grammarian could not coincide perfectly with that of the orientalist.

What the author is trying to do in his second dictionary is to bring back Arabic to its sources, that is, to the logic of its functional declension and its indicative structure.

This dictionary, while it is addressed to foreigners, is at the same time destined for the Arabs themselves. And even as it goes beyond the didactic form, it serves the needs of scholars and offers them abundant matter for research and discussion.

The rigorous connection between meanings and expressions in this dictionary, and between the implicit and the apparent, is the author's goal, as he aims at harmonizing Arabic linguistics and foreign linguistics without falling into literal banality or vague equivalences.

Ambassador Antoine El-Dahdah, after charting the grammar, tries to explain it, but from inside: relying only on its own resources. He aims not at restricting its scope, but rather at opening it to worldwide universality.

There is no doubt that a language which has conquered at least 2,000 years in its many branches without blunting its edges is a language worthy to be described as universal. And what it needs now is not wider diffusion, but for its users to take full advantage of its wonderful possibilities.

These possibilities the author tries to make available to those readers interested in Arabic, whether they be Arabs or foreign, already skilled in its use or still discovering its beauties.

Elias MATAR

مُقَدِّمَة مُراجِـع اللُّغَة الإنكليزيَّة

ما زِلْتُ أذكرُ أنَّه عندَما شرعْتُ بِدروسِ القَواعِدِ، بعدَ أنْ كنْتُ قد لُقِّنْتُ الأَبجديَّةَ، دفعَ إلَيَّ أُستاذي الجزءَ الثّاني مِن «مَبادئ العربيَّة» للمُعلِّم رشيد الشَّرْتوني، طالِبًا مِنّي أنْ أَسْتظهِرَ تحديداتِ الاسمِ والفعْلِ والحَرْفِ. لَقَدْ أَرادَ لي وُلوجَ عالَمِ القَواعِدِ العَرَبيَّةِ مِنَ البابِ الّذي يَدخُلُه العَرَبُ. ولكنَّ النَّتيجَةَ، لِلأَسفِ، لَمْ تأْتِ كما تَوَخّاها أُستاذي لأَنَّ عمَليَّةَ تحديدِ مُصطَلَحاتِ القَواعِدِ وتعريفِها كانَتْ بِمَثابةِ تفسيرِ المُغْلَقِ بما هو أَكثَرُ مِنْهُ غُموضًا.

وأُرجِّحُ أنَّ اختِيارَ أُستاذي للجزءِ الثّاني مِن «مَبادئ العربيَّة»، مِن بَيْنِ الأَجْزاءِ الأَربعةِ، يَعودُ إلى أنَّ المُؤلِّفَ عَرَضَ، في ذلكَ الجزءِ، بعضَ الجَداولِ واللَّوْحاتِ ـ ولَوْ بِدرَجةٍ محدودَةٍ ـ لِشرْحِ بعْضِ جوانِبِ الدُّروسِ.

ومنْذُ مُدَّةٍ، وَقعْتُ، في مَعْرِضِ بيروتَ للكِتابِ، على «مُعْجَم قواعِدِ اللُّغَةِ العَربيَّةِ في جَداولَ ولَوْحاتٍ» للسَّفيرِ أنطوان الدّحداح، فتَلقَّفْتُه بلَهْفَةٍ لأَنَّه يُكمِلُ ويُوسِّعُ بجَلاءٍ ما كانَ قد أَلْمَحَ إليهِ الشَّرْتوني: فهو يُبسِّطُ ـ بشكْلٍ مُنظَّمٍ ـ كلَّ القواعِدِ العربيَّةِ أَمامَ القارئ.

ومنْذُ بضْعةِ أشهرٍ، تَعرَّفْتُ إلى السَّفيرِ الدّحداحِ شخصيًّا، وأَخْبَرني بعَزْمِهِ على نشْرِ مُعجَمٍ باللُّغتينِ العرَبيَّةِ والإنكليزيَّةِ مُتقابلَتينِ. وأنَا على يقينٍ بأَنَّ هذهِ الخُطوةَ ستَكونُ ذاتَ فائدةٍ جُلّى لأَنَّ القارئَ النّاطِقَ بالإنكليزيَّةِ سيَجدُ هَيْكَليَّةَ قواعِدِ اللُّغةِ العربيَّةِ مُتكامِلةً في جَداولَ ولَوْحاتٍ ثُنائيَّةِ اللُّغةِ، فيَسْتطيعُ أنْ يَلْمُسَ كَمْ أَنَّ هذهِ القَواعِدَ هي مَنْطِقيَّةٌ ومُنظَّمَةٌ.

ENGLISH REVISER'S PREFACE

Years ago, just after I had learned the Arabic alphabet and was setting out to study the language, my teacher handed me the second volume of Chartouni's (مَبادِئُ العَرَبِيَّة) and told me to memorize the definitions of (اسْمٌ، فِعْلٌ وَحَرْفٌ). His intention was laudable: that I should enter the grammar by the same door as the Arabs do. But I am sorry to say that the result eas not nearly as enlightening as my master had hoped. For to give a beginner an Arabic definition of grammatical terms is to explain the unknown by the less known.

The reason, however, why my teacher chose Chartouni's second volume in preference to the first, third, or fourth, is that in the second volume alone the author allowed himself to be prodigal of space to the extent of using, on a modest scale, some charts and tables to explain points of grammar.

When recently at the Beirut book fair I happened upon Ambassador Antoine El-Dahdah's «Dictionary of Arabic Grammar in Charts and Tables», I immediately snapped it up, for it finishes clearly and in detail what Chartouni had hinted at in his second volume: it lays out the whole of the grammar schematically before the reader.

Then, a few months ago, I met Ambassador El-Dahdah in person, and he told me of his plan to publish his «Dictionary» with facing Arabic and English pages. This will, I am sure, be a very welcome

وهذا لَيْسَ بِغَريبٍ على السّفيرِ الدّحداحِ، فأَبْرَزُ ما يَتحلّى به روحُه المَنْهجيَّةُ وحبُّهُ للنِّظامِ. وكَخطْوةٍ تمْهيديَّةٍ على دربِ المُعْجَمِ العَتيدِ، قرَّرَ المؤَلِّفُ العَمَلَ على وضْعِ «مُعْجَم مُصطَلَحاتِ الإعْرابِ والبناءِ في قواعِدِ العربيَّةِ العالميّةِ». وعِنْدَما عَرَضَ عليَّ التَّعاوُنَ معَهُ فيه انْدَفَعْتُ إلى القبولِ بدونِ تَردُّدٍ.

يَقومُ هذا المُعْجَمُ على إيجادِ مجموعةٍ مُتناغِمةٍ مِنَ المُقابِلاتِ الإنكليزيَّةِ لمُصْطَلَحاتِ قواعِدِ اللُّغةِ العرَبيَّةِ مِنْ شأْنِها أنْ تَمُرَّ بالباحِثِ ذي اللِّسانِ الإنْكليزيِّ إلى المَيْدانِ الموضوعيِّ لقَواعِدِ اللُّغةِ العربيَّةِ عَبْرَ «الباب» الّذي يَسْلُكُه العَرَبُ أنفسُهم، وأنْ تُريَهُ مَنْهجيَّةَ التَّفكيرِ القَواعِديِّ العَربيِّ.

ولكِنْ يَبْقى السُّؤالُ: ما هو مَدى نَجاحِ هذِهِ المُفْرَداتِ الإنْكليزيَّةِ؟ وهل صَدَقَ القَوْلُ: «كُلُّ مُتَرْجِمٍ خائِنٌ»؟.

عمَلِيَّتُنا لمْ تكُنْ ترجَمةً بالمَعْنى الحَصْريِّ لِلكلمةِ، فكَثيرٌ مِنَ المُصْطلَحاتِ الإنكليزيَّةِ سيَبْدو غَيْرَ مألوفٍ لِلقارئِ أوْ ذا مَدْلولٍ مُختلِفٍ عَمّا عَهِدَهُ، وقَدْ يَتبادَرُ لِلذِّهْنِ أحيانًا أنَّ بعْضَ ما أوْرَدْناهُ مَشْكوكٌ في إنْكليزيَّتِهِ. فالمُصْطلَحاتُ الإنْكليزيَّةُ إنَّما تَمَّ اعْتِمادُها للدّلالةِ على مَفاهيمَ يَأْلَفُها العربيُّ أمّا المُستعْرِبُ فقَدْ يَجدُها غَريبَةً. وستَظْهرُ أَسْبابُ الاخْتِيارِ أوْضَحَ في المُعجَمِ القادِمِ للسَّفيرِ الدّحداحِ عنْدَما تَتقابَلُ المُصْطلَحاتُ باللُّغَتينِ في الجَداولِ واللَّوْحاتِ.

وأخيرًا لا بُدَّ مِنَ الإشارَةِ إلى أنَّني والمؤَلِّفَ ترَدَّدْنا كَثيرًا وتَناقَشْنا مَلِيًّا حوْلَ عَددٍ كَبيرٍ مِنْ هذِهِ المُصْطَلَحاتِ قَبْلَ اخْتِيارِ الصيغَةِ النِّهائِيَّةِ لِكُلٍّ مِنْها. ولٰكِنْ لَمْ يَشِذَّ مُصْطَلَحٌ واحِدٌ عن كَوْنِهِ أشْبَهَ بِتوافُقٍ بَيْنَ النَّقْلِ الحَرْفيِّ والدَّلالَةِ المَعْنويَّةِ. وإذا ما جاءَ اخْتِيارُنا أحيانًا أقْرَبَ إلى النَّصِّ الحَرْفيِّ، فلا بَأْسَ بذلِكَ طالَما أنَّهُ يوصِلُ القارِئَ إلى فَهْمِ بعْضِ جَوانِبِ مَنْطِقِ القَواعِدِ العرَبيَّةِ.

مَارتِن ج. مَكْدرموت
مُدير المَكْتَبة الشَّرْقيَّة

advance, laying out before the anglophone learner the whole structure of Arabic grammar in bilingual tables and charts, so that at a glance he can see how reasonable and well ordered Arabic grammar really is.

Ambassador El-Dahdah, however, is nothing if not methodical, and so he planned another book as a preliminary step towards that goal: a «Dictionary of Terms of Declension and Structure in Universal Arabic Grammar». And when he asked me to help him on this book, I enthusiastically agreed.

His aim here has been to work out a set of consistent English equivalents for the Arabic terms that will bring the anglophone reader into the realm of systematic Arabic grammar by the Arabs' own door and show him the way the Arabs themselves think their own grammar.

Is this vocabulary successful? TRADUTTÓRE TRADITÓRE. Many of the terms we give in English will be unfamiliar to the reader or used in a different way from what he knows, and it may seem that the language we use is not quite English. The terms given here have been chosen to express concepts familiar to the Arab but perhaps unfamiliar to the Arabist, and so distasteful to the latter. The reasons for the choices will be more apparent in Ambassador El-Dahdah's next book, when the terms are seen facing each other in the tables on opposite pages.

The author and I have hesitated and argued over a number of these terms before agreeing on a translation. But every translation must be something of a compromise between strict literality and immediate intelligibility. If at times our choice has fallen closer to literal consistency, we are unrepentant... provided it leads the reader to glimpse for himself something of the inner logic of Arabic grammar.

MARTIN J. Mc DERMOTT
Director of the Bibliothèque Orientale

When .... مَتَى

Affirmative, root to be firm .... مُثْبَتٌ أَصْلُهُ ثَبَتَ

[*Idem*]

Affirmative verb .... مُثْبَتٌ (فِعْلٌ...)

[*Idem*]

Affirmative sentence .... مُثْبَتَةٌ (جُمْلَةٌ...)

[*Idem*]

Dual, root to fold in two .... مُثَنًّى أَصْلُهُ ثَنَى

[*Idem*]

To reproduce .... مَثَلَ

Examples of the superlative .... أَمْثِلَةُ ٱلْمُبَالَغَةِ

[*Intensive forms, superlative*]

Modal verb .... فِعْلٌ مِثَالٌ

[*Quasi-sound verb, paradigm, assimilate*]

Same .... مِثْلَ

Denuded, root to denude .... مُجَرَّدٌ أَصْلُهُ جَرَدَ

[*Simple, bare, primitive*]

Denuded noun .... مُجَرَّدٌ (ٱسْمٌ...)

[*Simple noun, bare of any accessory, primitive*]

Denuded triliteral .... مُجَرَّدٌ ثُلاَثِيٌّ

[*Simple triliteral, bare*]

M م

Denuded quadriliteral .... مُجَرَّدٌ رُبَاعِيٌّ

[*Simple quadriliteral, bare*]

Denuded verb .... مُجَرَّدٌ (فِعْلٌ...)

[*Simple verb, bare of any accessory, primitive*]

Denuded ignored past verb .... مُجَرَّدٌ مُجْهُولٌ (فِعْلٌ مَاضٍ...)

Denuded future .... مُجَرَّدٌ (مُسْتَقْبَلٌ...)

Denuded original .... مُجَرَّدٌ (مَصْدَرٌ...)

[*Simple infinitive, bare of any accessory, bare root*]

Denuded known past verb .... مُجَرَّدٌ مَعْلُومٌ (فِعْلٌ مَاضٍ...)

Deprived of ÉaL' .... مُجَرَّدٌ مِنْ أَلْ

[*Indefinite, indeterminate*]

Ending in reduced *i*, root to draw .... مَجْرُورٌ أَصْلُهُ جَرَرَ

[*In the genitive, indirect, oblique, indeterminate diptote*]

Noun with reduced ending .... مَجْرُورٌ (اَسْمٌ...)

[*Noun in the indirect case, nominal subordinate*]

Nouns with reduced ending .... مَجْرُورَاتٌ

With elided ending, root to clip .... مَجْزُومٌ أَصْلُهُ جَزَمَ

[*Apocopate, jussive, subjunctive*]

Verb with elided ending .... مَجْزُومٌ (فِعْلٌ...)

[*Verb in the apocopate, jussive*]

Ignored, root to ignore .... مَجْهُولٌ أَصْلُهُ جَهِلَ

[*Passive*]

Ignored verb .... مَجْهُولٌ (فِعْلٌ...)

[*Passive verb*]

Ignored conform .... مَجْهُولٌ (مُضَارِعٌ...)

[*Passive unaccomplished*]

Past denuded ignored .... مَجْهُولٌ (مَاضٍ مُجَرَّدٌ...)

Past augmented ignored .... مَجْهُولٌ (مَاضٍ مَزِيدٌ...)

M م

Figurative, root to be permitted .... مَجَازِيٌّ أَصْلُهُ جَازَ

[*Tropical*]

Figurative feminine .... مَجَازِيٌّ (مُؤَنَّثٌ...)

[*Tropical feminine*]

Figurative masculine .... مَجَازِيٌّ (مُذَكَّرٌ...)

[*Tropical masculine*]

Limited circumstantial .... مَحْدُودٌ (ظَرْفٌ...)

Warned, root to warn .... مُحَذَّرٌ أَصْلُهُ حَذِرَ

Warner .... مُحَذِّرٌ

Thing warned about .... مُحَذَّرٌ مِنْهُ

Eliminated, root to eliminate .... مَحْذُوفٌ أَصْلُهُ حَذَفَ

[*Curtailed, suppressed*]

Eliminated active element .... مَحْذُوفٌ (عَامِلٌ...)

Eliminated included .... مَحْذُوفٌ (مُسْتَثْنًى مِنْهُ...)

Eliminated passive element .... مَحْذُوفٌ (مَعْمُولٌ...)

Retrenched noun .... مَحْذُوفٌ مِنْهُ (اسْمٌ...)

Place, root to come down .... مَحَلٌّ أَصْلُهُ حَلَلَ

Occupation of the place .... مَحَلٌّ (انشِغَالُ الْ...)

In place .... مَحَلٌّ (فِي...)

It has no place .... مَحَلَّ لَهُ (لاَ...)

In consideration of the place .... مَحَلٌّ (مُرَاعَاةُ الْ...)

It has its place .... مَحَلُّهُ (لَهُ...)

Its place in the analysis .... مَحَلُّهُ مِنَ الإِعْرَابِ

Specified, root to be special .... مَخْصُوصٌ أَصْلُهُ خَصَصَ

Spoken to, root to harang .... مُخَاطَبٌ أَصْلُهُ خَطَبَ

[*Second person*]

To extend .... مَدَّ

M م

Noun with extended ending .... آسْمٌ مَمْدُودٌ

[*Prolonged noun*]

Extended ÉaLiF .... أَلِفٌ مَمْدُودَةٌ

[*Prolonged...*]

Extended letter .... حَرْفُ مَدٍّ

[*Letter of prolongation*]

Extension .... مَدٌّ

[*Prolongation, crasis, elongation*]

For a while .... مُدَّةً

Ending in extended É* .... مَمْدُودٌ

[*Prolonged, with a long vowel*]

Verb of praise .... مَدْحٍ (فِعْلُ...)

[*Idem*]

From the time (ago, since) .... مُذْ ، مُنْذُ

Masculine, root to mention .... مُذَكَّرٌ أَصْلُهُ ذَكَرَ

[*Idem*]

Real masculine .... مُذَكَّرٌ حَقِيقِيٌّ

[*Natural masculine*]

Intact masculine plural .... مُذَكَّرٌ سَالِمٌ (جَمْعٌ...)

[*External masculine plural, regular*]

Figurative masculine .... مُذَكَّرٌ مَجَازِيٌّ

[*Tropical masculine*]

Mentioned .... مَذْكُورٌ

Attached T̈ .... مَرْبُوطَةٌ (ة...)

Once .... مَرَّةً

Noun of one act .... مَرَّةٍ (آسْمُ...)

[*Noun of unity*]

Position of verb and agent .... مَرْتَبَةُ الفِعْلِ وَآلفَاعِلِ

M م

Position of primate and predicate	مَرْتَبَةُ ٱلْمُبْتَدَإِ وَٱلْخَبَرِ
Improvised	مُرْتَجَلٌ
Euphonic, root to soften the voice	مُرَخَّمٌ أَصْلُهُ رَخَمَ
[*Curtailed, softened*]	
Called euphonic	مُرَخَّمٌ (مُنَادًى...)
Ending in regular *u*, root to lift	مَرْفُوعٌ أَصْلُهُ رَفَعَ

These two (masc) .... هَذَيْنِ

Those .... هَؤُلَاءِ

This (fem) .... هَذِهِ

These two (fem) .... هَاتَانِ

These two (fem) .... هَاتَيْنِ

Here .... هُنَا

There .... هُنَاكَ

H ه

Over there .... هُنَالِكَ

Thus .... هَكَذَا

Interrogative .... هَلْ

Let's go .... هَلُمَّ

Isn't it...? (why not) .... هَلاَّ

To prick .... هَمَزَ

Defection of **HaM'ZaT̈** .... إِعْلاَلُ ٱلهَمْزَةِ

Sound verb having a **HaM'ZaT̈** .... فِعْلٌ صَحِيحٌ مَهْمُوزٌ

[*Normal hèmza verb*]

Orthography of the **HaM'ZaT̈** .... كِتَابَةُ ٱلهَمْزَةِ

HaM'ZaT̈u'' (*) .... هَمْزَةٌ (ء)

Radical **HaM'ZaT̈** .... هَمْزَةٌ أَصْلِيَّةٌ

[*Hèmza root, radical*]

HaM'ZaT̈ of INDEED .... هَمْزَةُ إِنَّ

HaM'ZaT̈ of conciliation .... هَمْزَةُ تَسْوِيَةٍ

[*... of equalization*]

Augmented **HaM'ZaT̈** .... هَمْزَةٌ زَائِدَةٌ

[*Redundant, augmented*]

Empirical **HaM'ZaT̈** .... هَمْزَةٌ سَمَاعِيَّةٌ

[*Popular, from hearsay, irregular*]

HaM'ZaT̈ of rupture .... هَمْزَةُ قَطْعٍ

[*Stable, formative, disjunctive, separative, vocalic attack*]

Methodical **HaM'ZaT̈** .... هَمْزَةٌ قِيَاسِيَّةٌ

[*Syllogistic, regular*]

Converted **HaM'ZaT̈** .... هَمْزَةٌ مَقْلُوبَةٌ

[*Reversed, transposed*]

Modulated **HaM'ZaT̈** .... هَمْزَةٌ مُنَوَّنَةٌ

[*Of tanuin, of nunation*]

H ه

H*a*M'Z*a*T̈ of liaison .... هَمْزَةُ وَصْلٍ

[*Of union, conjunctive, connective, vocalic detente*]

He .... هُوَ

They (dual) .... هُمَا

They (masc) .... هُمْ

She .... هِيَ

They (dual) .... هُمَا

They (fem) .... هُنَّ

Attention! (ha!, here is, take!) .... هَا

Ventilated letter .... هَاوٍ (حَرْفٌ ...)

[*Airy letter*]

Come here .... هَيْتَ

He is far from .... هَيْهَاتَ

Vocative (eh!) .... هَيَا

Let's go .... هَيَّا

O, O*a*EO*u*″ .... و ، وَاوٌ

And (also, as, at, by, often, rarely, then, whereas, while, with) .... وَ

O, orthography of the O*a*EO*i* .... و ، كِتَابَةُ ٱلوَاوِ

To be obligatory .... وَجَبَ

Obligatory incorporation .... إِدْغَامٌ مُوجِبٌ

Non-certified exclusion .... ٱسْتِثْنَاءٌ غَيْرُ مُوجِبٍ

Certified exclusion .... ٱسْتِثْنَاءٌ مُوجِبٌ

Obligatorily latent personal .... ضَمِيرٌ مُسْتَتِرٌ وُجُوباً

Obligatorily .... وُجُوباً

To find .... وَجَدَ

Alone .... وَحْدَ

In the rear of .... وَرَاءَ

To the rear .... وَرَاءَكَ

To weigh .... وَزَنَ

Measures of nouns .... أَوْزَانُ ٱلأَسْمَاءِ

[*Forms of nouns, metres*]

Measures of verbs .... أَوْزَانُ ٱلأَفْعَالِ

[*Types of verbs*]

Measures of the superlative .... أَوْزَانُ ٱلمُبَالَغَةِ

[*Intensive forms, superlative*]

O　　　　　　　　و

Measures of the augmented verb .... أَوْزَانُ ٱلمَزِيدِ

Measures .... وَزْنٌ

[*Form, metre, type*]

Triliteral measure .... وَزْنٌ ثُلاَثِيٌّ

[*Trisyllable form*]

Quinqueliteral measure .... وَزْنٌ خُمَاسِيٌّ

[*Quinquesyllable form*]

Quadriliteral measure .... وَزْنٌ رُبَاعِيٌّ

[*Quadrisyllable form*]

Sexiliteral measure .... وَزْنٌ سُدَاسِيٌّ

[*Sexisyllable form*]

Empirical measure .... وَزْنٌ سَمَاعِيٌّ

[*Irregular type, popular, from hearsay*]

Methodical measure .... وَزْنٌ قِيَاسِيٌّ

[*Regular type, syllogistic*]

Measure, quantities .... وَزْنٌ ، مَقَادِيرُ

To mediate .... **وَسَطَ**

Medium genus .... جِنْسٌ مُتَوَسِّطٌ

Middle .... مُتَوَسِّطٌ

[*Idem*]

Amid .... وَسَطَ

Middle of the word .... وَسَطُ ٱلكَلِمَةِ

[*Idem*]

Hurry up! .... **وَشْكَانَ**

To represent the quality .... **وَصَفَ**

Noun of similar quality .... ٱسْمُ صِفَةٍ مُشَبَّهَةٍ

[*Verbal adjective, assimilate epithet*]

Similar quality .... صِفَةٌ مُشَبَّهَةٌ

[*Verbal adjective, assimilate epithet*]

Qualificative .... صِفَةٌ

[*Adjective, indefinite relative clause*]

Qualified .... مَوْصُوفٌ

[*Idem*]

Intentional, not described, indeterminate نَكِرَةٌ مَقْصُودَةٌ غَيْرُ مَوْصُوفَةٍ

Intentional described indeterminate .... نَكِرَةٌ مَقْصُودَةٌ مَوْصُوفَةٌ

Qualification .... وَصْفٌ

[*Idem*]

To join .... وَصَلَ

Linked exclusion .... آسْتِثْنَاءٌ مُتَّصِلٌ

[*Joint exception*]

Conjunctive noun .... آسْمٌ مَوْصُولٌ

[*Idem*]

Bond of conjunction .... صِلَةُ آلمَوْصُولِ

[*Antecedent of the relative sentence*]

Connected personal .... ضَمِيرٌ مُتَّصِلٌ

[*Affixed pronoun, connected*]

Connected .... مُتَّصِلٌ

[*Attached, affixed, conjunctive*]

Conjunctive .... مَوْصُولٌ

[*Idem*]

Special conjunctive .... مَوْصُولٌ خَاصٌّ

[*Relative personal pronoun, relative adjective*]

Common conjunctive .... مَوْصُولٌ مُشْتَرَكٌ

[*Relative pronoun*]

O و

HaM'ZaT of liaison .... هَمْزَةُ وَصْلٍ

[Of union, conjunctive, connective, vocalic detente]

Pause in reading .... وَقْفٌ فِي ٱلقِرَاءَةِ

[Fall]

Letter of protection .... وِقَايَةٍ (حَرْفُ ...)

[Letter of separation]

N of protection .... وِقَايَةٍ (نُونُ ٱلـ ...)

[Nun of separation]

To confirm .... وَكَدَ

Confirmative noun .... ٱسْمُ تَوْكِيدٍ

[Corroborative noun, confirmative]

Confirmative .... تَوْكِيدٌ

[Corroborative, confirmative]

Letter of confirmation .... حَرْفُ تَوْكِيدٍ

[Corroborative particle, strengthening]

Global confirmative .... تَوْكِيدُ شُمُولٍ

Self-confirmative .... تَوْكِيدُ عَيْنِهِ

Oral confirmative .... تَوْكِيدٌ لَفْظِيٌّ

[Verbal corroboration]

Synonymous confirmative .... تَوْكِيدُ مُرَادِفِهِ

Moral confirmative .... تَوْكِيدٌ مَعْنَوِيٌّ

[Corroboration in meaning]

Relative confirmative .... تَوْكِيدُ نِسْبَةٍ

Confirmative status .... حَالٌ مُؤَكِّدَةٌ

[Strengthening accusative]

Unconfirmed .... غَيْرُ مُؤَكَّدٍ

[Non-corroborative]

O و

Confirmed verb .... فِعْلٌ مُؤَكَّدٌ

[*Corroborative verb, confirmative*]

Unconfirmed verb .... فِعْلٌ غَيْرُ مُؤَكَّدٍ

[*Non-corroborative verb*]

Confirmed .... مُؤَكَّدٌ

[*Corroborative*]

Heavy **N** of confirmation .... نُونُ ٱلتَّوْكِيدِ ٱلثَّقِيلَةُ

[*Heavy corroborative, stressed energetic*]

Light **N** of confirmation .... نُونُ ٱلتَّوْكِيدِ ٱلخَفِيفَةُ

[*Light corroborative, light energetic*]

Vocative (ah!, oh!) .... وَا

To concede .... وَهَبَ

One .... وَاحِدٌ، وَاحِدَةٌ

Twenty-one .... وَاحِدٌ وَعِشْرُونَ

Oh! .... وَاهًا

Ah! .... وَيْ

TECHNICAL STUDY

دِراسَةٌ
تَتعلّقُ بِمعاييرِ آختيارِ المُعرباتِ والمَبنِيّاتِ
في القواعدِ العربيّةِ

١ ـ مَدْخلٌ

١١ ـ غايةُ هذهِ الدّراسةِ هيَ مؤالفةُ القارئِ الانكليزيِّ والفكرَ العربيَّ الّذي ألهمَ أُصولَ القَواعدِ، واضعةً في تصرُّفهِ وثيقةً مرجعيَّةً تَحتوي على القسمِ الأكبرِ من المُصطلحاتِ القَواعديّةِ. إنَّ المعاييرَ والحوافزَ الّتي حدتِ المُؤَلّفَ إلى تبَنّي بعضِ المُصطلحاتِ وإلى تفضيلِ بعضِ العباراتِ دونَ غيرِها، ستَتوضّحُ تبعًا لِوُرودها.

هذا المعجمُ يَتضمَّنُ:

١ ـ طريقةً جديدةً في التَّحويلِ من الحرفِ العربيِّ إلى الحرفِ اللّاتينيِّ تَتناولُ الحروفَ والحركاتِ والضَّوابطَ العربيّةَ.

٢ ـ ترجمةً مُلائِمةً للمُعرباتِ والمَبنِيّاتِ الّتي تُكوّنُ التَّصنيفَ القواعديَّ العربيَّ.

A STUDY

of Criteria for Selecting Declined and Structured Words in Arabic Grammar

1 – INTRODUCTION

11 – The aim of this study is to familiarize the English-language reader with the Arabic thought which has inspired the rules of grammar, by putting before him a reference document covering the major part of the grammatical terminology. The criteria and motives which have made the author adopt certain terms and prefer certain expressions to others will be shown in the course of the presentation. This dictionary comprises:

1 – a new method of transliteration putting the Arabic letters (حُرُوفٌ), vowels (حَرَكَاتٌ) and accents (ضَوَابِطُ) into Latin characters.

2 – a proper translation of the declined (مُعْرَبَاتٌ) and structured (مَبْنِيَّاتٌ) words which make up the whole of Arabic grammatical nomenclature.

١٢ ـ هذا التحويلُ المقترحُ يتناولُ في آنٍ واحدٍ الصَّوتيّاتِ والإملاءَ. وفيما تفرضُ هذهِ الطَّريقةُ جهدًا للتكيُّفِ مع الرُّموزِ الاصْطلاحيّةِ الجديدةِ فإنَّها تُتيحُ فهْمًا كاملًا لِبنيّةِ النَّحْويّ في استعمالِ الحروفِ والحركاتِ والضَّوابطِ العربيّةِ. وهكذا تُصبحُ ممكنةً كتابةُ الحرفِ العربيّ مُحرَّكًا أو غيرَ محرَّكٍ، وبكلِّ فنونهِ، بالحرفِ اللّاتينيّ. وفوقَ ذلكَ، وللمرَّةِ الأولى، يَتمكَّنُ قارئُ الحرفِ اللّاتينيّ، وإنْ جهلَ معناهُ، من أنْ يَصوغَ بأمانةٍ النَّصَّ العربيَّ بحركاتهِ وضوابطهِ وبكلِّ أشكالِ الهمزةِ وبأدقِّ فارقاتِ الإملاءِ كذلكَ.

١٣ ـ إنَّ المَعاييرَ الّتي وَجَّهتِ اختيارَ الكلماتِ الإنكليزيّةِ، قد أعْطتِ الأوْلَويّةَ لتلكَ الّتي تَسْتجيبُ بِشكلٍ أفضلَ لِما توخّاهُ الذِّهْنُ العربيُّ. وقد تَحاشيْنا كلَّ مقارنةٍ بينَ العربيّةِ والإنكليزيّةِ، ولَمْ نَحتفظْ إلّا بالتّعابيرِ ذاتِ المعنى الحَصْريّ مثلَ: اَسْمٌ (Noun)، فِعْلٌ (Verb)، مُذَكَّرٌ (Masculine)، جُمْلَةٌ اَسْمِيَّةٌ (Nominal sentence) الخ... وهذا المعجمُ يَعرضُ تأويلًا مُبتكرًا لِلقواعدِ، مبنيًّا على مُعادَلةٍ ملائِمةٍ بينَ المصطلحاتِ المستعملةِ، وفي الوقتِ نفسهِ على تَقويمٍ لِلفكرِ العربيّ الأصيلِ.

١٤ ـ والجداولُ الملحقةُ، على أوراقٍ مُلوَّنةٍ، ستُساعِدُ على خَلْقِ تصوّرٍ لِهذهِ الدِّراسةِ.

12 — The proposed transliteration simultaneously takes account of two factors: phonetics and orthography. While demanding a certain effort to adapt oneself to new conventional symbols, this method makes it possible to translate integrally the grammarian's intention in the use he makes of the Arabic letters, vowels, and accents. Thence it will be possible to write in Latin characters the Arabic with all its artifices and either to keep or dispense with the vowelling. Further, and for the first time, it will be possible in reading a Latin script whose meaning is unknown, to reproduce faithfully the Arabic text with its vowels, its accents, every particular form of the **H*a*M'Z*a*T̈**, as well as the most subtle nuances of orthography.

13 — The criteria governing the selection of English words have given preference to those which best correspond to the expression of the Arabic thought. Any attempted comparison with English grammar has been avoided: only those terms have been retained which have a strictly identical meaning with the English terms, such as noun (اَسْـــمٌ), verb (فِعْـــلٌ), masculine (مُذَكَّرٌ), nominal sentence (جُمْلَةٌ اَسْمِيَّةٌ), etc. This dictionary offers an original interpretation of the grammar based on a near equivalence of the terms used and at the same time gives full value to the authentic Arabic thought.

14 — The following tables, on the colored pages, will serve to illustrate this study.

٢ ـ تحويلٌ

٢١ ـ وَفيما هذهِ الطّريقةُ المقترحةُ تَتبنَّى المبادئَ المفصّلةَ في قواعدِ (WRIGHT) والمُعتمدةَ لدى (BLACHÈRE) وَ (LAROUSSE) فَإنَّها تَسدُّ ثغراتٍ ما تزالُ قائِمةً، وَهذهِ خُلاصتُها:

١ ـ بعضُ الضّوابطِ، لا رَمْزَ اصطلاحيَّ لَها، مثلَ الشدَّةِ والمدَّةِ والوصلِ؛ أمّا السّكونُ فَلا ظهورَ لَهُ. وَلِتَغْطِيَةِ هذه الثّغراتِ، ضاعَفوا الحرفَ حيثُ وَجبَتِ الشّدّةُ. فَكتبوا دَبَّرَ (DABBARA)، وَهذا ليسَ صحيحًا في العربيّةِ حيثُ لا وجودَ إلّا لِباءٍ واحدةٍ. وَقَدِ اَخْتفَتِ المدّةُ وهمزةُ الوصلِ مِنْ منْهجِهِمْ، وَحَلّوا مُشكلةَ السّكونِ بِالاستعمالِ الشّائع الّذي يُحوّلُ إلى ساكنٍ كلَّ حرفٍ صامتٍ غيرِ متبوعٍ بِحركَةٍ. وَهذا نَقْصٌ آخَرُ...

٢ ـ لم يُوردوا الهمزةَ إلّا بِشكلٍ واحدٍ. بَيْنما الهمزةُ الأصليّةُ تُلفظُ بِأشْكالٍ مُختلفةٍ في بعضِ الاشْتِقاقاتِ، مثلَ: بِئْسَ، بُؤْسٌ، بَأْسٌ. لِهذا السَّببِ كتبَها العربُ انسجامًا معَ لفظِها. فَمِنَ المُستحسنِ مراعاةُ هذهِ الفارقةِ.

٣ ـ حروفُ العِلّةِ لَمْ تَجدْ مماثِلًا مطابِقًا. فَهذِهِ الحروفُ الثّلاثةُ قد استعملَتْ لِتَحريكِ العربيّةِ الأُولى. وَحرفُ (w) في كلِّ اللّغاتِ، لا يُعتبرُ نصفَ حركةٍ؛ فَإذا لفظَتْها الإنكليزيّةُ واوًا، فإنَّ الفرنسيّةَ، عكسَ ذلكَ، تَلفظُها (v) مشدّدةً أو مضاعفةً. والألفُ لمْ تَحظَ برمزٍ خاصٍّ؛ رُسمتْ بِشكلِ خَطٍّ فوقَ الحركةِ (ā) لِتُشيرَ إلى ضرورةِ

2 – TRANSLITERATION

21 – The method proposed in this dictionary, while adopting the principles developed in WRIGHT's grammar as taken up by BLACHÈRE and LAROUSSE, fills in some of the gaps which still remain. In summary, these are:

1 – Certain accents (ضَوَابِط) have no corresponding conventional symbol, such as the tension (شَدَّة), the extension (مَدَّة), liaison (وَصْل); as for quiescence (سُكُون), it is not represented. In order to lessen the inconvenience of this lack, letters are doubled when there is tension (شَدَّة). DABBARA is written for (دَبَّرَ), even though this is not correct in Arabic, where there is only one B (ب). The extension (مَدَّة) and the **HaM'ZaT̈** of liaison (هَمْزَة آلوَصْل) disappear in the system. The quiescence is handled by the common usage of considering quiescent every consonant not followed by a vowel: which is another lack.

2 – The **HaM'ZaT̈** is written in only one way. The same radical **HaM'ZaT̈** (هَمْزَة أَصْلِيَّة), however, is pronounced differently in certain word families, such as: to afflict (بِئْسَ), misfortune (بُؤْس), and harm(بَأْس). This is the reason why it is written in harmony with the way it is pronounced; it is desirable that this nuance should be respected.

3 – The defective letters (حُرُوف العِلَّة) do not have an adequate correspondence. These three letters served as vowelling (تَحْرِيك) in old Arabic. The letter W (و) is not considered a semi-vowel in all languages. If it is pronounced (و) in English, it is in French an emphatic or double V. The letter **ÉaLiF** (أَلِف) is not given a separate symbol; it is designated by a bar over the

مدّها. وَهكذا يَضيعُ القارئُ الأَجنبيُّ عِندَما يَسْعَى إلى كتابةِ فعلِ : أَرَادُوا (ARĀDŪ)، فَأَينَ اخْتفتِ الأَلِفاتُ الثَّلاثُ وكذلكَ الواوُ؟

٤ ـ لَقدْ عوَّضوا عنِ التَّنوينِ بالحرفِ الصَّامتِ (N) بعد مُصوّتٍ كَما في (AN) لِتنوينِ النَّصبِ. في حينِ أَنَّ تعريفَ التَّنوينِ يُؤَكِّدُ على أَنَّ النّونَ السَّاكنةَ تُلفظُ في آخرِ الكلمةِ ولا تُكتبُ.

٥ ـ بعضُ الأَشكالِ الخاصَّةِ كالألفِ المقصورةِ والتاءِ المربوطةِ قدْ أُغفِلتْ تمامًا.

٦ ـ إنَّ حروفَ الهجاءِ التِّسعةَ والعشرينَ قَدْ رُسمتْ بحروفٍ لاتينيّةٍ مُثْقَلَةٍ، في بعضِ الحالاتِ، بِنَقْطٍ اصْطلاحِيٍّ لِضبْطِ فوارقِ اللّفظِ. وقدِ اسْتعملوا ثلاثَ إشاراتٍ مميَّزةٍ: نبرةً حادّةً فوقَ الحرفِ مثلَ الشّينِ (ś)، ونقطةً تحتَ الحرفِ مثلَ الظاءِ (ẓ)، وَخطًّا تحتَ الحرفِ مثلَ الخاءِ (H̱). فَيُفضَّلُ استعمالُ إشارةٍ واحدةٍ لِتَعيينِ الفوارقِ وعدمُ الإفراطِ في تكرارِ الحرفِ نفسهِ مثلَ التاءِ والطاءِ والثاءِ (T, Ṭ, Ṯ).

٢٢ ـ كانَ لا بُدَّ منْ سدِّ هذهِ الثّغراتِ، وإيجادِ حلولٍ تَستجيبُ لِأُصولِ القواعدِ العربيّةِ، وتَحاشِي الحواجزِ الّتي تُعقّدُ هذهِ الطَّريقةَ. وَفيما يلي مُختصرٌ لهذهِ الحلولِ:

١ ـ أَلخطُّ العربيُّ يَتكوَّنُ منْ حروفٍ وحركاتٍ وضوابطَ. وَكلُّ رمزٍ منْ هذهِ الرُّموزِ، بلا استثناءٍ، سَيَجدُ لهُ بالانكليزيّةِ ما يُوافقُهُ. سَنَكتبُ الحروفَ مُكبَّرَةً (Capitals) والحركاتِ مُصغَّرَةً (Small letters)، والضَّوابطُ سَتَجدُ منزلةً طبيعيّةً في هذا الحَشْدِ. سَنكتبُ دَبَّرَ (DaB̂aRa)، وَأَرَادُوا (ÉaRaEDuOE).

vowel ā to indicate that it should be prolonged. The foreign reader gets lost when he must transcribe the verb: they want (أَرَادُوا) as ARĀDŪ: Where are the three **É***a***L***i***F** and the letter W ?

4 — Modulation (تَنْوِين) is represented by the letter N after a vowel, as in AN (ـً) for the modulation of opening (تَنْوِينُ النَّصْبِ). But the very definition of modulation precisely states that the quiescent letter N (نُونٌ سَاكِنَةٌ) is pronounced at the end of the word BUT IS NOT WRITTEN.

5 — Certain particular forms, such as the shortened **É***a***L***i***F** (أَلِفٌ مَقْصُورَةٌ) and the attached **T̈** (تَاءٌ مَرْبُوطَةٌ), have been simply ignored.

6 — The 29 letters of the alphabet (حُــــرُوفُ ٱلهِجَـــاءِ) are represented by Latin letters topped in some cases with conventional signs to mark differences in pronunciation. Three kinds of distinctive sign are used: an acute accent over the letter, as Ś (ش), a dot under the letter, as Ẓ (ظ) and a line under the letter, as H̲ (خ) . It would be preferable to use only a single sign to mark the differences and not to exaggerate the repetition of the same letter, as T, Ṭ, T̲ (ت ، ط ، ث).

22 — It was necessary to fill the gaps, find solutions which correspond to the laws of Arabic grammmar and avoid obstacles which might complicate the method. Our solutions in summary are:

1 — Arabic script consists of letters (حُــــرُوفٌ), vowels (حَــرَكَـــاتٌ) and accents (ضَــوَابِــطُ) . Each of these symbols, without exception, will have a different English correspondent. Consonants are written in capitals, vowels in small letters, with accents assigned a natural place among them. We write **D***a***B̂***a***R***a* for (دَبَّرَ) and **É***a***R***a***ED***u***OE** for (أَرَادُوا).

٢ ـ وَستحظَى الهمزةُ بخُصوصيَّاتِها في العربيّةِ. وَباعتبارِ أنَّ فعلَ هَمَزَ يَعني (To prick) سَتكونُ الهمزةُ نبرةً حادَّةً (Acute accent) مُؤَدّيةً الصُّورةَ الَّتي يُوحِي بِها الفعلُ. وَستَبرزُ النَّبرةُ الحادَّةُ المنفردةُ بشكلِ نجمَةٍ (Asterisk) : ء (*́). وَهكذا سَتُحَلُّ أشكالُ الهمزةِ الأُخرى بِسهولةٍ وَيُسْرٍ : أ (É) ، ؤ (Ó) ، ئـ (Ý) ... أمَّا نبرةُ الإطالةِ (Grave accent) فَستُخصَّصُ لِهمزةِ الوصلِ : آ (È) ، وعلامةُ الامتدادِ (Tilde) للمدّ : آ (Ẽa). وكَما في العربيّةِ سَنكتبُ: بِئْسَ (BiÝ'Sa) ، بُؤْسٌ (BuÓ'Su″) ، بَأْسٌ (BaÉ'Su″).

٣ ـ وَستُمثَّلُ حروفُ العلَّةِ بِالمُصوّتاتِ الإنكليزيّةِ غيرِ المستعملةِ لِلتحريكِ العربيِّ : (O) لِلواو ، (E) لِلألفِ ، (Y) لِلياءِ. وَستأتي مكبَّرةً (Capitals) لِيتبيَّنَ أنّها حروفٌ لا حركاتٌ. وَمهمَا يَبدُو مُستغرَبًا فإنَّ حرفَ الألفِ، المَرْبوطَ خطاً بالحرفِ (A) ، سَيتمثَّلُ بالحرفِ (E).

٤ ـ وَسيجدُ التَّنوينُ حلًّا قواعديًّا؛ فَبعضُ النَّحويّينَ اسْتَحسنَ فكرةَ تمثيلهِ بحرفِ (n) مصغَّرًا بعد مصوّتٍ مكبّرٍ، شبهَ رافعٍ إيّاهُ مثلَ (A^n) لِلفتحتينِ. إنَّ الحلَّ المُرضي يَقضي بِالحفاظِ على طرفَيْ حرفِ (^{n}) عموديّينِ مرفوعينِ ، وتحويلِ الفتحتينِ (a″) ، والضمَّتينِ (u″) ، والكسرتينِ (i″). وَبِهِ نُحافظُ على جوهرِ هذه الغُنَّةِ العربيّةِ الجميلةِ وَشكلِها.

٥ ـ الأَشكالُ الخاصّةُ سَتُكتبُ: ألفٌ مقصورةٌ (E̲) ، وَتاءٌ مربوطةٌ (T̈).

٦ ـ وَستتوزَّعُ الحروفُ الهجائيّةُ التّسعةُ والعشرونَ مُماثلاتِها اللّاتينيّةَ على الشَّكلِ الآتي:

ـ ١٧ حرفًا تُلفظُ بالطَّريقةِ ذاتِها مثلَ الباءِ (B)

2 — The **HaM'ZaT̈** (هَمْزَةٌ) will enjoy the same rights as in Arabic. The verb **HaMaZa** (هَمَزَ) being translated by the verb to prick, the letter **HaM'ZaT̈** will be essentially an acute accent reproducing this image of the verb. An isolated acute accent will be rendered more visible by an asterisk *́ for (ء), and the other forms of the **HaM'ZaT̈** will then be easily written: **É** for (أ), **Ó** for (ؤ), **Ý** for (ئ). The grave accent will be reserved for the liaison (هَمْزَةُ ٱلوَصْلِ): **È** for (ٱ) and the tilde for the extension (مَدّ), **Ẽa** for (آ). So one can write, just as in Arabic: **B*i*Ý'S*a*** (بِئْسَ), **B*u*Ó'S*u*''** (بُؤْسٌ), and **B*a*É'S*u*''** (بَأْسٌ).

3 — Defective letters (حُرُوفُ ٱلعِلَّةِ) will be represented by the vowels not used for vocalization: **O** for (و), **E** for (ا) and **Y** for (ي). They will be capitals to show that they are letters and not vowels. Strange as it may seem, the letter **E** will stand for the famous **ÉaL*i*F** (أَلِف) of the Arabic alphabet, which is wrongly associated with the letter **A.**

4 — Modulation (تَنْوِين) will find a grammatical solution. Certain linguists have had the less than happy idea of writing a small [n] after a capitalized vowel, raising it slightly above the line as in A^n for (ً). The happy solution is to keep the two vertical lines of ^{n}, thus raised, and to transcribe *a''* for (ً), *u''* for (ٌ), *i''* for (ٍ), so safeguarding the spirit and the letter of that harmonious intonation of the Arabic language.

5 — Particular forms will be written <u>**E**</u> for (ى) and **T̈** for (ة).

6 — The 29 letters of the Arabic alphabet will be transcribed in Latin characters as follows:

— 17 letters are pronounced the same as Latin letters, as **B** for (ب);

- ١٠ حروفٍ تُلفظُ بِطريقةٍ أُخرى، سَيُشارُ تحتَها بما يُنبِّهُ إليها مثلَ الضَّادِ (D̲)

- حرفٌ واحدٌ سَيُلحقُ بِذُنيبةٍ (Cedilla) هوَ الثاءُ (Ç).
- وحرفٌ واحدٌ سَيُلحقُ بنجمةٍ (Asterisk) هيَ الهمزةُ (*).

بعضُ المماثِلاتِ سَتَبدُو مستغربةً، مثلَ:

- (Ç̲) لِلظاءِ تبعًا للثاءِ (Ç).
- (X̲) لِلشّينِ كَما في (MEXICO) وَلفظُها (MECHICO) في البرتغاليّةِ.
- (R̲) لِلعينِ معادِلةً حرف (R) لِرُعاعِ باريسَ.

إنَّ جُهدَ التّكيُّفِ المطلوبَ منَ القارىءِ هنا لنْ يكونَ معَ مرورِ الوقتِ أَصعبَ منْ غيرِهِ. فَلا حرفَ مستعملٌ أكثرَ منْ مرَّتينِ، مرَّةً أُولى في لفظِهِ الطَّبيعيِّ ومرّةً ثانيةً فقطْ في لفظِهِ الجديدِ، مثلَ: (H) وَ (H̲) لِلهاءِ وَالحاءِ.

٢٣ ـ وَعلى القارئِ أَنْ لا يُغالِيَ في حماستِهِ لهذه الطَّريقةِ فهيَ تَنْطوي على بعضِ الصُّعوباتِ؛ إذْ لمَّا كانتِ المصوِّتةُ اللّاتينيّةُ تُوضعُ إلى جانبِ الحرفِ الصَّامتِ لا فوقَهُ، ولمَّا كانتْ كلُّ الحروفِ العربيَّةِ تَستوجبُ التَّمثيلَ، ولمَّا كانتِ الوحدةُ الصَّوتيّةُ العربيَّةُ مؤلّفةً منْ حرفٍ وحركةٍ مُجْتمعَيْنِ، فَإنَّ التَّحويلَ إلى اللّاتينيّةِ يَقتضِي عددًا أكبرَ منَ الوحداتِ الهجائيَّةِ. وإذا كانتْ لِطريقتِنا كفاءةٌ في إقامةِ المعادَلاتِ القواعديّةِ، فَستبدُو مُستهجَنَةً متَى تعلَّقَ الأَمرُ بِتحويلِ أَسماءِ العلمِ والأَماكنِ الجغرافيّةِ.

٢٤ ـ لَقدْ سلَّمْنا بِهذهِ المَساوئِ في محاولةٍ لإلقاءِ الضَّوْءِ على مفهومِ الأَوزانِ المرتبطِ بِسيرِ المشتقّاتِ وعدمِ تركِ أيِّ لَبْسٍ لَدى قراءَةِ النُّصوصِ.

- **10** letters are pronounced differently; they will be underlined as a warning, such as **D** for (ض);
- 1 letter takes a cedilla: **Ç** for (ث);
- 1 letter takes an asterisk: * for (ء).

Certain correspondences may be surprising, such as:

- **Ç** for (ظ), similar to **Ç** for (ث).
- **X** for (ش), as in MEXICO pronounced mechico in Portuguese.
- **R** for (ع), like the **R** of the Parisian street urchin.

The reader must make here an effort of adaptation which is not, in the long run, harder than any other. No letter has been used more than twice: a first time in its normal pronunciation and a second time only in its new pronunciation, as **H** and **H** (ه، ح).

23 – Let the reader, however, restrain himself from excessive enthusiasm, for this method has some difficulties of its own. By the fact that the Latin vowel is placed beside the consonant and not over it, that all the Arabic letters must be represented, that the phoneme is constituted by a letter (حَرْفٌ) and a vowel (حَرَكَةٌ) united, Latin transliteration demands a greater number of alphabetic units. Our method, very valuable for grammatical equivalences, may appear strange when it comes to transcribing personal names and geographical places.

24 – But all these inconveniences have nonetheless been accepted in an effort to bring to light the concept of measures (أَوْزَانٌ) linked to the process of derivation (أَلاشْتِقاقُ) and to permit no ambiguity in the reading of texts.

إليكَ مقْطعًا منَ الشّعرِ العربيّ غايتُهُ إفادةُ القارئ :

حَــامِلُ ٱلْهَــوَى تَعِــبُ   يَسْتَخِفُّــــهُ ٱلطَّـــرَبُ

Weighed down by passion, he droops;
    grief unsteadies him.

إنْ بَكَــى يَحُــقُّ لَــهُ   لَيْسَ مَــا بِــهِ لَعِــبُ

If he weeps, he has a right to;
    his trouble is no trifle.

تَضْحَكِيــنَ لَاهِيَــةً   وَٱلْحَبِيــبُ يَنْتَحِــبُ

Girl, you laugh heedlessly
    while your lover sobs.

تَعْجَبِيــنَ مِــنْ سَقَمِــي   صِحَّتِــي هِــيَ ٱلْعَجَــبُ

You wonder at my leanness;
    the real wonder is my health.

(أبُو نُوَاسٍ)

This bit of Arabic poetry may serve to show the usefulness of the method:

H̲*a*EM*i*L*u* ÈL'H*a*O*a*E̲ T*a*R̲*i*B*u*

Y*a*S'T*a*K̲*i*F̂*u*H*u* ÈL'T̲̂*a*R*a*B*u*

É*i*N' B*a*K*a*E̲ Y*a*H̲*u*Q̂*u* L*a*H*u*

L*a*Y'S*a* M*a*E B*i*H*i* L*a*R̲*i*B*u*

T*a*D̲'H̲*a*K*i*YN*a* L*a*EH*i*Y*a*T*a*''

O*a*ÈL'H̲*a*B*i*YB*u* Y*a*N'T*a*H̲*i*B*u*

T*a*R̲'J*a*B*i*YN*a* M*i*N' S*a*Q*a*M*i*Y

S̲*i*Ĥ̲*a*T*i*Y H*i*Y*a* ÈL'R̲*a*J*a*B*u*

(É*a* B*u*O N*u*O*a*ES*i*'')

٣ - صرفٌ وَنحوٌ

٣١ - إنَّ التَّحدّيَ الحقيقيَّ في القواعدِ العربيّةِ قائمٌ في تأويلِ حالاتِ الكلماتِ في الجملةِ، بحسَبِ الوظيفةِ النَّحويّةِ لِكُلٍّ منها. وَهذهِ الحالاتُ تَشملُ أواخرَ الحروفِ والأَسماءِ والأفعالِ، وهي:

١ - رَفْعٌ .... (Regularity, or ending in *u*)

٢ - نَصْبٌ .... (Openness, or ending in *a*)

٣ - جَرٌّ .... (Reduction, or ending in *i*)

٤ - جَزْمٌ .... (Elision, or quiescent ending)

وَهذا المفهومُ يُخالفُ تمامًا مفهومَ المُستشرقينَ الَّذينَ بِاستنادِهِمْ إلى مبادئِ القواعدِ اللّاتينيّةِ قد ترجموها على الشكلِ الآتي:

١ - رَفْعٌ .... (Subject, or nominative or indicative case)

٢ - نَصْبٌ .... (Direct object, or accusative, or subjunctive case)

٣ - جَرٌّ .... (Indirect, or oblique or genitive case)

٤ - جَزْمٌ .... (Apocopate, or jussive case)

وَلِتبيانِ مساوئِ معادَلاتِهِمْ يَكفِي القولُ: إنَّ الفعلَ المرفوعَ ليسَ بِالضَّرورةِ (Nominative or indicative) وإنَّهُ ليسَ بِالتأكيدِ (Subject).

٣٢ - والنَّحوُ في إطلاقِ أحكامِهِ على أواخِرِ الكلماتِ قدْ قسمَها حالتينِ واضحتين: الإعرابَ والبناءَ. إنَّ مفهومَنا لِلإعراب (Declension) قدْ جاءَ متوافقًا معَ المفهومِ الإجماعيِّ لدى المستشرقينَ، لكنَّ مفهومَنا لِلبناء (Structure) يأتي مبتكرًا. لقد استعملوا لِلبناء تعريفاتِ (Invariable, indeclinable, non-flectional)، وفضلًا عنْ أنَّ هذه التعابيرَ تَحملُ زياداتٍ سلبيّةً لا وجودَ لَها في لفظةِ [بِناء]، فهي تترجمُ خطأً نيّةَ النَّحويِّ. إنَّ الكلمةَ المبنيّةَ تتألّفُ منْ حرفينِ أو ثلاثةٍ أو أكثرَ وَلا تَقبلُ الزّيادةَ في وسطِها وَلا التّغييرَ في آخرِها. فَهيَ تمامًا كَالبيتِ الّذي علاهُ

3 – MORPHOLOGY AND SYNTAX (صَرْفٌ وَنَحْوٌ)

31 – The true challenge of Arabic grammar is to interpret the situations of words in a sentence according to their syntactical function. These situations involve the endings of letters (حُرُوفٌ), of nouns (أَسْمَاءٌ), and verbs (أَفْعَالٌ) and are called:

1 – Regularity, or ending in *u* .... (رَفْعٌ)
2 – Openness, or ending in *a* .... (نَصْبٌ)
3 – Reduction, or ending in *i* .... (جَرٌّ)
4 – Elision, or quiescent ending .... (جَزْمٌ)

This conception is clearly different from that adopted by orientalists, who, referring to notions of Latin grammar, translate thus:

1 – Subject, or nominative or indicative case .... (رَفْعٌ)
2 – Direct object, or accusative, or subjunctive case .... (نَصْبٌ)
3 – Indirect, or oblique, or genitive case .... (جَرٌّ)
4 – Apocopate, or jussive case .... (جَزْمٌ)

It is enough to say, to the disavantage of these latter equivalences, that a verb in the subject case (مَرْفُوعٌ) can be not indicative, is not nominative and is certainly never a subject.

32 – As to the endings of words, syntax separates them into two large categories: declension (أَلإِعْرَابُ) and structure (أَلْبِنَاءُ). Declension has had the unanimous consent of orientalists, but the term [structure] remains original. Terms like invariable, indeclinable, non-flexional have been used for (بِنَاءٌ). These terms, besides having a negative prefix not found in Arabic, are a poor translation of the grammarian's intention. The structured (مَبْنِيٌّ) word is a word constructed with two, three, or more letters which does not admit inner augmentation or change of ending. It is like a house that has just been given a saddle roof and so

قرميدُهُ فَلا يقبلُ بناءً فوقَهُ. بالإضافةِ إلى ذلكَ فإنَّ كلمةَ (Structure) تُمكِّنُ من مناورةٍ اشتقاقيّةٍ ممتعةٍ: حَرْفُ مَبْنًى (Letter of construction)، اَسْمٌ مَبْنِيٌّ (Structured noun)، بِنَاءُ الفِعْلِ (Structure of the verb).

٣٣ ـ وَسنُولِي التَّنوينَ انتباهةً خاصّةً. فَهذهِ الغُنَّةُ في آخرِ الكلمةِ تُشكِّلُ زينةً ثمينةً في اللّسانِ العربيّ. فَهيَ مستوحاةٌ منَ التَّنغيمِ الَّذي يَدلُّ على إيقاعٍ موسيقيٍّ شأنُهُ أنْ يُؤكِّدَ الفرقَ النَّحويَّ الّذي تُولّدُه صياغةُ الجملة. وَبفضلِ هذا التَّنوينِ مثلًا يمكنُ تبيُّنُ نيّةِ المتكلِّمِ حينَ يَقصدُ التعريفَ أو يَقصدُ التَّنكيرَ. بناءً على ذلكَ إنَّ قولَ اللّغويّينَ (NUNATION or TANUIN) لا يزيدُ إلّا في تعقيدِ حالةٍ هيَ مِنَ السُّهولةِ بمكانٍ.

٣٤ ـ ثلاثةُ تعابيرَ تفرضُ التَّبصُّرَ بها وهيَ: الصّرفُ والوزنُ والإدغامُ.

١ ـ كلماتٌ عدّةٌ تشتقُّ من كلمةِ صرفٍ. وَلِكثرةِ ما سيَتمُّ تَداولُها فقدْ تُشكّلُ مادةَ اَلتِباسٍ، إلّا إذا سارعْنا إلى استعمالِ جَذْرٍ واحدٍ لَها، يَشملُ فيما بعدُ، وظائفَها جميعًا. وَلِكي نُعيّنَ هذا الجذرَ، اخترْنا تعبيرَ (Variation) لِلصّرفِ، الّذي يُشتقُّ منه: تَصْريفٌ (Variability)، مُتصرِّفٌ (Variable)، مُنْصرِفٌ (Varied)، غَيْرُ مُتصرِّفٍ (Invariable). باستثناءِ (Morphology) لِعلْمِ الصّرفِ وَ (Conjugation) لِتصريفِ الفعلِ، وَذلكَ لِلحفاظِ على علاقاتِهما المهمّةِ بِالقواعدِ الانكليزيّةِ.

٢ ـ اسْتوقفَتْنا ترجمةُ (Measure) لِلوزنِ، معارَضَةً معَ كلماتٍ مثلَ (Type, form, metre) بِسببِ مدلولِها المماثلِ في العَروضِ والموسيقَى. يكونُ الوزنُ سماعيًّا (Empirical) أو قياسيًّا (Methodical) بِحسَبِ ما يأْتي منْ تجربةٍ أَوْ من قاعدةٍ.

cannot take a higher story. This word [structure] permits moreover some interesting derivations: letter of construction (حَرْفٌ مَبْنِيٌّ), structured noun (آسْمٌ مَبْنِيٌّ), structure of the verb (بِنَاءُ آلفِعْلِ).

33 – Particular attention will be reserved for modulation (تَنْوِينٌ). This intonation at the end of the word is a precious ornament of the Arabic language. Inspired by the word (تَنْغِيمٌ), which means musical consonance, its effect is to accentuate the syntactical distinction between certain turns of phrase. Thanks to modulation (تَنْوِينٌ), for example, one marks his intention to define (تَعْرِيفٌ) a word or to make it indeterminate (تَنْكِيرٌ). NUNATION or TANUIN used just as they are by linguists, serve only to complicate a situation that in itself is simple.

34 – Three terms give matter for reflection. They are: variation (ألصَّرْفُ), measure (ألوَزْنُ), and incorporation (ألإِدْغَامُ).

1 – There exists a large number of words that are derived from variation (صَرْفٌ). Constantly used, these words can be a cause of confusion unless the same family is employed which can embrace all their functions. To designate this family we have chosen the term variation (صَرْفٌ), which lends itself to: variability (تَصْرِيفٌ), variable (مُتَصَرِّفٌ), varied (مُنْصَرِفٌ), invariable (غَيْرُ مُتَصَرِّفٍ). A slight exception is made for morphology (صَرْفٌ) and conjugation (تَصْرِيفٌ) to preserve these important links with English grammar.

2 – Measure for (وَزْنٌ) has been retained in preference to: type, form, metre, on account of its similar use in both prosody and music. Measure will be empirical (وَزْنٌ سَمَاعِيٌّ) or methodical (وَزْنٌ قِيَاسِيٌّ) depending on whether its use is regulated by experience or by grammatical right.

٣ ـ نادرًا ما عالجَ اللّغويّونَ الإدغامَ والإعلالَ. لقدْ استعمَلوا لِلإدغامِ (Assimilation)، بينَما الإعلالُ لمْ يحظَ بترجمةٍ. فَفعلُ أَدْغَمَ في العربيّةِ يَعني أَدخلَ شيئًا في شيءٍ أي (To incorporate). أمّا الإعلالُ فَيأتي من جَذْرِ حروفِ العلّةِ الّتي عليها تقعُ هذهِ الحالةُ.

٣٥ ـ لقدِ استعملَ العربُ كلمةَ [إعرابٍ] سواءٌ عَنوا بها إعرابَ الكلمةِ (Declension of the word) أو إعرابَ الجملةِ (Analysis of the sentence)؛ في حينِ أنّنا حافظْنا في التّرجمةِ على التّفريقِ بينَهما، مع أنَّ كلمةَ إعرابٍ (Analysis) تَقْتضي أوّلًا الكشفَ عنِ التّغيُّراتِ الّتي تَخضعُ لها الكلمةُ بِحسبِ موقعِها في الجملةِ وهيَ تغيُّراتٌ يُرادفُها الإعرابُ (Declension). إنَّ قَوْلَةَ «مَحَلّهُ منَ الإعرابِ»، لا مقابلَ لها في الإنكليزيّةِ. فَعلى افتراضِ أنَّ اسمًا مبنيًّا قدْ خضعَ لعاملِ الفعلِ الّذي يَجعلُ منهُ فاعلًا مرفوعًا، فَسَيُقالُ فيهِ هُوَ مبنيٌّ في محلِّ رفعِ فاعلٍ. هذا الأُسلوبُ النّحويُّ قد نَفَّرَ مُعْظَمَ اللّغويّينَ الّذين لمْ يَجدوا حلًّا للمشكلةِ سوى الهربِ مِنْها.

٣٦ ـ تَعبيرانِ غالبًا ما يَتردَّدانِ في القواعدِ العربيّةِ مع مُشْتقّاتِهما لِلدلالةِ على حالاتٍ وعناصرَ إيجابيّةٍ هما: وَكّدَ (To confirm) وَثَبّتَ (To affirm). وَلِتوزيعِ أَدوارِهِما الإيجابيّةِ في الجملةِ اعتمَدْنا التّأويلَ الآتيَ:

١ ـ حَرْفُ تَوْكِيدٍ (Letter of confirmation)، نُونُ التَّوْكِيدِ (N of confirmation)، فِعْلٌ مُؤَكَّدٌ (Confirmed verb)، حَالٌ مُؤَكَّدَةٌ (Confirmative status).

٢ ـ جُمْلَةٌ مُثْبَتَةٌ (Affirmative sentence)، ثُبُوتُ النُّونِ (Firmness of N)، فِعْلٌ مُثْبَتٌ (Affirmative verb).

3 – Incorporation (إِدْغَامٌ) and defection (إِعْلَالٌ) have not received the attention they deserve from linguists. The term assimilation has already been used for (إِدْغَامٌ), whereas the second has not even been translated. The Arabic verb (أَدْغَمَ) means to make a thing enter into another, i.e. to incorporate. As for defection, it belongs to the family of defective letters (حُرُوفُ العِلَّةِ) who undergo its influence.

35 – Declension of the word (إِعْرَابُ ٱلكَلِمَةِ) is confused in Arabic with analysis of the sentence (إِعْرَابُ ٱلجُمْلَةِ). The distinction will be made in English, even though the analysis consists chiefly in disclosing changes in a word by reason of its place (مَحَلَّهُ) in the sentence... these changes being also synonyms of declension (إِعْرَابٌ). The place of a word in the analysis (مَحَلُّهُ مِنَ ٱلإِعْرَابِ) is a concept which does not have its equivalent in English. If, for example, a structured noun (ٱسْمٌ مَبْنِيٌّ) undergoes the action of a verb (فِعْلٌ) making it an agent with regular ending, we say of this noun that it is structured in the place of the agent with regular ending (مَبْنِيٌّ فِي مَحَلِّ رَفْعِ فَاعِلٍ). Such heavy syntactical style has rebuffed most linguists, who have largely preferred to ignore the problem.

36 – Two terms, with their derivatives, come up often in Arabic grammar to indicate positive situations and elements. They are (وَكَّدَ), to confirm, and (ثَبَّتَ), to affirm. The distribution of positive roles in a sentence will be assured in the following way:

1 – Letter of confirmation (حَرْفُ تَوْكِيدٍ), N of confirmation (نُونُ التَّوْكِيدِ), confirmed verb (فِعْلٌ مُؤَكَّدٌ), confirmative status (حَالٌ مُؤَكِّدَةٌ).

2 – Affirmative sentence (جُمْلَةٌ مُثْبَتَةٌ), firmness of N (ثُبُوتُ ٱلنُّونِ), affirmative verb (فِعْلٌ مُثْبَتٌ).

٤ ـ ألحرفُ

٤١ ـ يَشتملُ الحرفُ في العربيّةِ على نوعين : حروفِ المَباني وحروفِ المَعاني. وقدِ اخْتارَ اللّغويّون في تَسْميةِ النّوعِ الثّاني كلماتٍ مثلَ (Particle, preposition, conjunction)، مُسْتعملينَ منْها تارةً هذهِ اللّفظةَ وطوراً تلكَ، وفاقًا لِمُماثِلِها في الانكليزيّةِ. وَقدْ فَضّلْنا هنا المحافظةَ على التّعبيرِ العربيِّ نفسهِ طالَما أنَّ (Webster) قدْ أعطى ثَلاثةَ معانٍ على الأقلِّ لِكلمةِ حرفٍ من أَصْلِ (Littera)، وثلاثةً من أَصْلِ (Literature)، ضامناً هكذا وَبشكلٍ واسعٍ نيّةَ النّحويِّ العربيِّ. فَلمْ يكنْ منَ الضروريِّ بعد هذا، البحثُ خارجَ هذه التّسميةِ، وَإيقاعُ القارئِ في مزيدٍ منَ الغموضِ.

٤٢ ـ حروفُ المَباني أَو حروفُ الهجاءِ، وَبِحسبِ صنفِها، ستُعرّفُ بِالإنكليزيّةِ بصفةٍ لها: حَرْفُ عِلّةٍ (Defective letter)، حَرْفُ صَفيرٍ (Sibilant letter)، حَرْفُ حَلْقٍ (Guttural letter) الخ... بينَما حروفُ المَعاني ستُعرّفُ بِاسمِ جنسٍ : حَرْفُ ٱبْتِداءٍ (Letter of introduction)، حَرْفُ ٱسْتِفْهامٍ (Letter of interrogation)، حَرْفُ نَفْيٍ (Letter of negation) الخ...

٤٣ ـ الحروفُ ذاتُ العملِ النّحويِّ ستُسمّى بِالحالةِ الّتي تَتولّدُ مِنْها : حَرْفُ نَصْبٍ (Letter of opening)، حَرْفُ جَزْمٍ (Letter of elision)، حَرْفُ نِداءٍ (Letter of call)، حَرْفُ نَسْخٍ (Annulling letter)، حَرْفُ عَطْفٍ (Letter of attraction).

٤٤ ـ فائدةُ تجميعِ حروفِ المعاني في تصنيفٍ واحدٍ، تُفسحُ في تركيزِ الانتباهِ على معانيها، وهيَ كثيرةٌ، منْ غيرِ اعتبارِ التّشابهِ بينَها وبينَ مماثِلاتِها الإنكليزيّةِ. وَعلى سبيلِ المثالِ يَكفي أَنْ تعرفَ أَنَّ حَرْفَ [كَيْ] يُمكنْ استخدامُهُ حرفَ تعليلٍ أو غايةٍ أو مصدريّةٍ؛ فَلا حاجةَ في هذا الصّددِ، لإيجادِ مُسوّغٍ يُبيّنُ مُشابَهتَهُ معَ (Coordinate conjunctions).

4 – THE LETTER (أَلْحَرْفُ)

41 – The letter (حَرْفٌ) in Arabic, includes two different groups: letters of construction (حُـــرُوفُ ٱلْمَبَـــانِـــي) and letters of signification (حُرُوفُ ٱلْمَعَانِي). To designate the latter group, linguists have preferred words like particle, preposition, conjunction, using now one and now another according to its resemblance to its English homologue. We have preferred here to keep the same Arabic terminology, the more so since WEBSTER gives at least six meanings for Letter [littera] and three meanings to Letters [literature], thus largely covering the intention of the Arabic grammarian. To look further would only add to the reader's confusion.

42 – The letters of construction (حُرُوفُ ٱلْمَبَانِي), or letters of the alphabet (حُرُوفُ ٱلْهِجَاءِ) will, according to their type, be defined by an adjective: Defective letter (حَرْفُ عِلَّةٍ), Sibilant letter (حَرْفُ صَفِيرٍ), Guttural letter (حَرْفُ حَلْقٍ), etc., while the letters of signification (حُرُوفُ ٱلْمَعَانِي) will be expressed by a substantive: Letter of introduction (حَرْفُ ٱبْتِدَاءٍ), Letter of interrogation (حَرْفُ ٱسْتِفْهَامٍ), Letter of negation (حَرْفُ نَفْيٍ), etc.

43 – Letters having a syntactical action (عَمَلٌ نَحْوِيٌّ) will have the denomination of the situation they create: Letter of opening (حَرْفُ نَصْبٍ), Letter of elision (حَرْفُ جَزْمٍ), Letter of call (حَرْفُ نِدَاءٍ), Annulling letter (حَرْفٌ نَاسِخٌ), Letter of attraction (حَرْفُ عَطْفٍ).

44 – The advantage of grouping the letters of signification under a single nomenclature is that it focuses attention on their meanings (مَعَانِي), already rather numerous, without taking account of these letters' resemblance to their English homologues. It is enough to know, for example, that the letter SO THAT (كَيْ) can serve as letter of causality (تَعْلِيلٌ), finality (غَـايَـةٌ) or originality (مَصْـدَرِيَّـةٌ). It will not be necessary, for this purpose, to go on about its resemblance to coordinate conjunctions.

٥ ـ ألاسمُ

٥١ ـ علاماتُ الاسميةِ وكذلكَ حالاتُ الأمكنيةِ تُميّزُ الاسمَ في الصّرفِ العربيّ. مُهمٌّ جدًّا أنْ نحافِظَ، لِلتعابيرِ الدّائرةِ في هذا الفلكِ، على معادلتِها الأكثرِ اتّصالًا بالفكرِ العربيِّ.

٥٢ ـ الإسنادُ يَعْني الكلامَ المُفيدَ أي الجملةَ ويتألّفُ منْ عُنْصرينِ: المسندِ إليهِ والمسندِ، مُكوّنينِ عُمْدَةَ هذه الجملةِ. فَاختيارُ كلمةِ (Subject) للمسندِ إليه سيُبعدُها، منذُ البدايةِ، عنْ مجرَى الوظائفِ الاسميّةِ الأُخرى المسؤولةِ عنْ تنفيذِ العملِ، مثلِ:

١ ـ فَاعِلٌ (Subject of the verbal sentence).

٢ ـ مُبْتَدأٌ (Subject of the nominal sentence).

إنَّ التّسمياتِ العربيّةَ المستعملةَ لِرُكنَيِ الجملةِ هذينِ سَتُتيحُ لاحِقًا إيجادَ معادلاتٍ أكثرَ انسجامًا.

٥٣ ـ حالاتُ أمكنيّةِ الكلمةِ العربيّةِ معَ الاسميّةِ أربعٌ، هيَ:

١ ـ مُتمَكِّنٌ أمْكَنُ
أيْ: مُعْرَبٌ مُنْصَرِفٌ.

٢ ـ مُتمَكِّنٌ غيْرُ أمْكَنَ
أيْ: مُعْرَبٌ مَمْنُوعٌ مِنَ الصَّرْفِ.

٣ ـ غَيْرُ مُتمَكِّنٍ مَعَ تَنْوينٍ اَسْتِثْنائِيّ
أيْ: مَبْنِيٌّ عَلى تَنْوينِ التّنْكيرِ.

٤ ـ غَيْرُ مُتمَكِّنٍ
أيْ: مَبْنِيٌّ عَلى آخِرِهِ.

منَ الضّروريّ إبرازُ هذه التّسمياتِ كُلّها، لأنَّ فَهْمَ النّحوِ يَبْقى ناقصًا، مَا لمْ تُستَوعبْ حالاتُ الأمكنيّةِ.

5 – THE NOUN (أَلْاسْمُ)

51 – The marks of nominalization (عَلَامَاتُ الاسْمِيَّةِ) as well as the situations of compatibility (حَالَاتُ الأَمْكَنِيَّةِ) distinguish the noun in Arabic morphology (صَرْفٌ). It is essential to conserve for terms moving in this orbit the closest equivalence to the Arabic thought.

52 – The reference (الإِسْنَادُ) defines useful speech (أَلْكَلَامُ المُفِيدُ), i.e. the sentence (أَلْجُمْلَةُ) and is composed of two elements: the subject (مُسْنَدٌ إِلَيْهِ) and the information (مُسْنَدٌ), making up the pillar (عُمْدَةٌ) of this sentence. The choice of the word subject for (مُسْنَدٌ إِلَيْهِ) will, from the start, take it out of the competition with other nouns responsible for the action, such as:

1 – (فَاعِلٌ) Subject of the verbal sentence,

2 – (مُبْتَدَأٌ) Subject of the nominal sentence.

The Arabic vocabulary used for these two components of the sentence will make possible, further on, much more harmonious equivalences.

53 – The situations of compatibility (أَمْكَنِيَّةٌ) of the Arabic word with nominalization (أَسْمِيَّةٌ) are four in number:

1 – Compatible without reserve
Similar to: declined and varied noun

2 – Compatible with reserve
Similar to: declined noun and prohibited from variation.

3 – Incompatible with exceptional modulation
Similar to: noun structured on modulation of indetermination

4 – Incompatible
Similar to: noun structured on its ending.

It is quite essential to have a clear view of all these denominations. Syntax will not be understood so long as the situations of compatibility (حَالَاتُ الأَمْكَنِيَّةِ) have not been assimilated.

٥٤ ـ تَرتكزُ الجملةُ الاسميّةُ على عنصرينِ أساسيّينِ يُكوّنانِ عُمْدَتَها، هما: أَلْمُبْتَدأُ وَالخَبَرُ (The primate and the predicate). وَقَدْ شُرحتْ في المقدّمةِ، الموجباتُ الّتي قادت إلى هذا الاختيارِ.

١ ـ لِلْمبتدإِ، اختارَ اللّغويّونَ (Inchoative, nominal subject)؛ فَإِذا اعتبرْنَا الأَصلَ [بَدْءٌ] الّذي يُذكّرُ (Prime)، تكونُ اختياراتُهُم قد قصَّرتْ في فضْلِ هذا الأميرِ النّحويّ الأَصيلِ.

٢ ـ وَالخبرُ، عنصرُ الجملةِ الاسميّةِ الثّاني، في مُواكبتِهِ خَطْوَ المبتدإِ يَطْفُو بِكلّ ما فيهِ منْ أطوارٍ. وَقدْ سمّاهُ بعضُهُم (Enunciative) وَبعضُهم الآخرُ (Attribute) أو حتّى (Adjective). وَما هوَ في الواقعِ سوَى الخبرِ العالميّ (Universal predicate) في النحو كائنًا لِمنْ كانَ.

٥٥ ـ وَسَنكتفِي في الجملة الفعليّةِ، بِذكرِ الوظائفِ الّتي تُؤَدّيها الأَسْماءُ:

١ ـ لَقدْ ترجموا كلمةَ فاعلٍ بكلمةِ (Subject)، لِتوافُقِهِ الظاهرِ بمماثلِه الإنكليزيّ، وهو في الواقعِ (Subject of the verb). لكنَّ المؤلّفَ هنا أيضًا، قدْ فضّلَ التقيُّدَ بالمفهوم العربيّ: الفعلُ هوَ حالةٌ حاصلةٌ أو حدثٌ واقعٌ بواسطةِ فاعلٍ، بينَما كلمة (Subjectum) تَدلُّ على خاضعٍ. فكلمةُ (Agent) تَنتمِي إلى جذرِ (Act and action) كما كلمةُ فاعلٍ مشتقّةٌ منْ [فَعَلَ]، مما سَيُسهّلُ علينا لاحقًا تسميةَ اسمِ الفاعلِ (Agent-noun).

٢ ـ وَترجَموا كذلكَ المفعولَ بهِ بِمماثلٍ إنكليزيّ يَبدُو لِلوهلةِ الأُولى مناسبًا تمامًا، لِأَنَّ المقصودَ هوَ (Complement: direct object, objective complement or complement of object). هُنَا أيضًا، فارقاتٌ نَحويّةٌ لا بدَّ من إبرازِها. كلمةُ (Complement) في الإنكليزيّةِ تزادُ على شيءٍ لإتمامهِ؛ بينَما كلمةُ (Supplement)،

54 – The nominal sentence (جُمْلَةٌ آسْمِيَّةٌ) is based on two essential elements which constitute its pillar (عُمْدَةٌ). These are the primate and the predicate (أَلْمُبْتَدَأُ وَآلْخَبَرُ). The reasons that led to the choice of these words have been explained in the preface.

1 – For the term (مُبْتَدَأٌ), linguists have preferred: inchoative and nominal subject. If we think of the root (بَدْءٌ) which recalls that of [Prime], such choices poorly serve this veritable prince of syntax.

2 – Hard on the heels of the primate (مُبْتَدَأٌ), the second element of the nominal sentence emerges also in its full originality: (أَلْخَبَرُ) which some have called the enunciative and others attribute, or even adjective. In reality, this noun is none other than the universal predicate (خَبَرٌ) of all syntaxes.

55 – From the verbal sentence, we will mention only the functions filled by nouns:

1 – The term (فَاعِلٌ) has been translated by the word [subject] for its apparent concordance with its English homologue. It is in fact the subject of the verb. But there also the author prefers to keep to the Arabic conception: the verb is a fact that comes true or an action that is done by the mediation of an agent, whereas the [subjectum] indicates what is submitted. Agent (فَاعِلٌ) belongs to the same family as act and action, just as (فَاعِلٌ) is derived from (فَعَلَ); later on, it will lend itself better to the denomination of the agent-noun (آسْمُ آلْفَاعِلِ).

2 – The term (مَفْعُولٌ بِهِ) has also been translated by a complement, whether direct object, objective complement, or complement of object, which at first sight seems quite appropriate. But here too there are nuances in Arabic syntax that deserve to be brought out. The complement, in English, is added to a thing to complete it, whereas the supplement (فَضْلَةٌ) is added to a thing

فضلةٌ، تزادُ على شيءٍ قد تمَّ. وبما أنَّ النّسبَةَ الإسناديّةَ تُشكِّلُ، بِرُكْنيها [فِعْلٌ - فاعِلٌ] معنًى تامًّا، فإنَّ الجملةَ لا تعودُ تَقبلُ أيَّ تمامٍ (Complement). حينئذٍ يَثقلُ الكلامُ على (Supplement of direct object). وَبالعودةِ إلى نيّةِ النّحويِّ في أنَّ الفاعلَ (Agent) هو منفِّذُ الفعلِ، فَلا يَبقى ناقصًا سوى المفعولِ (Patient) لِيقعَ عليهِ الفعلُ. إنَّ تعبيرَ مفعولٍ به (Direct patient) سيُسهّلُ علينَا لاحقًا كذلكَ تسميةَ المفاعيلِ المختلفةِ.

٥٦ - أمّا المصدرُ، فَجديرٌ بهِ أنْ يَستدعيَ انتباهةً خاصةً، بِالنظرِ إلى الجدلِ القائمِ بينهُ وبينَ الفعلِ المجرّدِ بِصددِ أصلِ المشتقّاتِ. وَلِتعيينِ مصدرِ هذه المشتقّاتِ فإنَّ كلمــةَ (Original noun) وهــي مــن جــذرِ (Origin)، تَبدو أكثرَ دلالةً منْ غيرِها كقولِهم (Noun of action, infinitive). وقدْ خُيِّلَ لِبعضِ اللّغويّين أنّهم وَجَدوا حلًّا باستعمالِهم، وبكلِّ بساطةٍ في الإنكليزيّةِ، كلمةَ (MASDAR). وَقدْ أتاحتْ لنا التّسميةُ الّتي اخترْناها إيجادَ مخرجٍ طبيعيٍّ لِتصنيفِ المصادرِ الأخرى، مثلَ: مَصْدَرٌ مُجَرَّدٌ (Denuded original)، مَصْدَرٌ صَريحٌ (Explicit original)، مَصْدَرٌ صِناعِيٌّ (Artificial original)، مَصْدَرٌ ميمِيٌّ (Original in M).

٥٧ - بعضُ صيغِ الاسمِ يَقتضِي تعابيرَ تِقنيّةً يصعُبُ شرحُها منْ غيرِ تحويلٍ ملائمٍ:

١ - ألاسْمُ المَقْصُورُ

٢ - ألاسْمُ المَمْدُودُ

٣ - ألاسْمُ المَنْقُوصُ

٤ - ألاسْمُ الصَّحِيحُ

٥ - ألاسمُ شِبْهُ الصحيحِ

already complete. Since the relation of reference (نِسْبَةٌ إِسْنَادِيَّةٌ) gives with its two components verb-agent (فِعْلٌ - فَاعِلٌ) a complete sense, the sentence cannot admit a further complement. And it would moreover be very heavy to speak of a supplement of direct object. If we come back to the grammarian's intent, the agent (فَاعِلٌ) being the one who executes the action of the verb, it needs only a patient (مَفْعُولٌ) to undergo that action. The term direct patient (مَفْعُولٌ بِهِ) will lend itself too, later, to diverse kinds of patients (مَفَاعِيلُ).

56 — The original noun (أَلْمَصْدَرُ) deserves special attention for the controversy that has arisen between it and the denuded verb (فِعْلٌ مُجَرَّدٌ) concerning the origin of derivatives (مُشْتَقَّاتٌ). The original noun, belonging to the family of the word origin, is more indicated than others, such as noun of action or infinitive, to designate that source of derivation. Certain linguists have though to find a solution by using, as it is, the word MASDAR in English. The other originals will find a natural place in the nomenclature: denuded original (مَصْدَرٌ مُجَرَّدٌ) explicit original (مَصْدَرٌ صَرِيحٌ), artificial original (مَصْدَرٌ صِنَاعِيٌّ), original in M (مَصْدَرٌ مِيمِيٌّ).

57 — The form of the noun (صِيغَةُ ٱلاسْمِ) gives rise to several technical terms which are difficult to explain without adequate transliteration:

1 — The noun with shortened ending (أَلاَسْمُ المَقْصُورُ) ends in E (ى).

2 — The noun with extended ending (أَلاَسْمُ المَمْدُودُ) ends in E* (اء).

3 — The noun with curtailed ending (أَلاَسْمُ المَنْقُوصُ) ends in iY (يِ).

4 — The sound noun (أَلاَسْمُ الصَّحِيحُ) ends in a sound letter other than * (ء).

5 — The quasi-sound noun (أَلاسْمُ شِبْهُ الصَّحِيحِ) ends in O or Y preceded by ' (ـْ).

وَقدْ تَحاشَى اللّغويّونَ الاصطيادَ في هذهِ المياهِ العكرةِ. لِذا أَزْعَجهُمْ أَنْ يَجدوا تفسيراتٍ لِما تقدَّمَ من أَواخِرَ، خاصّةً وأَنَّهمْ لمْ يَجدوا لِلأَلفِ رمزًا مناسبًا مختلفًا عنْ (A).

٥٨ ـ الأَسماءُ تَنقسمُ إِلى نوعينِ رئيسين : الأَسماءِ المتصرّفةِ والاسماءِ غيرِ المتصرّفةِ. وفضلًا عن اسمِ الجنسِ وحتّى اسمِ الكنايةِ، مُرورًا بالأَسماءِ المشتقَّةِ، فَفي الصّرفِ العربيِّ مَا لا يقلُّ عنِ العشرينَ نوعًا منَ الأَسماءِ الكاملةِ المُواصفاتِ. لِذا لنْ نُسمّيَ الضّميرَ (Personal pronoun)، بلْ هو (Personal noun)؛ كذلكَ بالنّسبةِ لِلاستفهامِ والإِشارةِ. علينَا أَيضًا تجنّبُ الإِبهامِ في استعمالِ بعضِ التّعابيرِ مثلِ (Coordinate conjunction, prepositional phrase, interjection) الخ... فكلُّ انصرافٍ إِلى المقارنةِ بينَ صرفِ لُغةٍ وصرفِ أُخرَى، لا بُدَّ مِنْ إِقصائِهِ؛ وكلُّ جُهدٍ لإِلقاءِ الضّوءِ على المعنَى الأَصيلِ لِلتَّسميةِ العربيّةِ، لا بُدَّ منْ تطويرهِ.

Linguists have, in general, avoided these troubled waters. The letter **É*a*L*i*F** (أَلِفٌ) not having a proper symbol different from **A**, it was impossible for them to express these endings.

58 — Nouns are divided into two general classes: variable nouns (أَلأَسْمَاءُ المُتَصَرِّفَةُ) and invariable nouns (أَلأَسْمَاءُ غَيْرُ المُتَصَرِّفَة). From the noun of genus (آسْمُ آلجِنْس) to the allusive noun (آسْمُ آلكِنَايَة), there are no less than twenty species which are, in Arabic morphology (صَرْفٌ), full-fledged nouns. The personal noun (ضَمِيرٌ) will not give place to a personal pronoun; the same for the interrogatives (آسْتِفْهَامٌ) and the demonstratives (إِشَارَةٌ). We must also avoid the confusion of using terms like coordinate conjunction, prepositional phrase, interjection, etc. Every attempt at comparison between different morphologies (صَرْفٌ) must be avoided. Every effort to throw light on the authentic meaning of the Arabic denomination should be developped.

٦ - ألفعلُ

٦١ - يَحْتوي الإطارُ العامُّ لِلفعلِ على مُصوّرٍ يُبيّنُ أنواعَهُ وأحوالَهُ المُختلفةَ. ويُقسمُ الفعلُ في أنواعِهِ قِسمةً واضحةً إلى فعلٍ تامٍّ وفعلٍ ناقصٍ. ولِلأوّلِ في مُتفرّعاتِهِ، مُجانسٌ إنكليزيٌّ حَرصْنا عليهِ هوَ الفعلُ المتعدّي (Transitive). لكنّنا رفضْنا عبارةَ (Intransitive) لأنَّ التّعبيرَ العربيَّ لا يَتضمّنُ مُتَقدِّمًا سلبيًّا مثلَ فعلٍ غيرِ متعدٍّ. وَقدْ برّرَ اخْتيارَنا للفعلِ اللّازمِ (Permanent)، التّجاورُ الدائمُ بينَ هذا الفعلِ وفاعلِهِ. هذا النّمطُ التّفكيريُّ سيُطبّقُ في معجمِنا على كلِّ التعابيرِ الّتي تَسْتدعِي استعمالَ طِباقاتٍ ذاتِ متقدِّمٍ سلبيٍّ مثلِ معلومٍ وغيرِ معلومٍ في مقابلِ مجهولٍ، معربٍ وغيرِ معربٍ في مقابلِ مبنيٍّ، عاملٍ وغيرِ عاملٍ في مقابلِ عاطلٍ.

٦٢ - وهكذا يُسمَّى الفعلُ المعلومُ (Known verb) دلالةً على أنّهُ فعلٌ معلومٌ فاعلُهُ، بينَما الفعلُ المجهولُ (Ignored verb) هوَ الفعلُ المجهولُ فاعلُهُ. لِذا لا نَنْصحُ بِاستعمالِ ما استحبَّهُ اللّغويّونَ من تسميةِ الفعلِ المجهولِ (Passive verb)، وَإنَّهُ لَمِنَ الخطإِ الفادِحِ أنْ تقولَ في العربيّةِ: كُتِبَتْ رسالةٌ من قبلِ فلانٍ. إنَّ هذا السياقَ الإنكليزيَّ يُعيّنُ الفاعلَ الّذي كتبَ الرسالةَ، وهوَ ليسَ سياقًا عربيًّا، لأنَّ العربيّةَ لا يَجوزُ فيها ذكرُ الفاعلِ وتجهيلُهُ في آنٍ واحدٍ.

٦٣ - لا تَجوزُ المُبالغةُ في المُقارَبةِ بينَ الفعلِ العربيِّ والفعلِ الإنكليزيِّ، لكنْ علينا أنْ نكتفِيَ بِإدراكِ نيّةِ النّحويِّ العربيِّ. فَالفعلُ يَحْتوي على أزمنةٍ وصيَغٍ.

١ - الأزمنةُ ثلاثةٌ وهيَ:

- زمنُ الماضي.
- زمنُ الحاضرِ.
- زمنُ المُستقبلِ.

6 – THE VERB (ألْفِعْلُ)

61 – The general frame of the verb carries with it a schema representing its different kinds (أنْوَاعُهُ) and its different states (أحْوَالُهُ). In its kinds a clear division separates the complete verb (فِعْلٌ تَامٌّ) from the deficient verb (فِعْلٌ نَاقِصٌ). The former has in its subdivisions an English homologue which has been retained: the transitive verb, whereas the formula of the intransitive verb has been rejected because the Arabic term does not have a negative prefix (فِعْلٌ غَيْرُ مُتَعَدٍّ). The permanent verb (فِعْلٌ لَازِمٌ), remaining permanently by its agent (فَاعِلٌ), justifies this choice. This reasoning is applied to all the terms in this dictionary for which one would tend to use negatively prefixed antonyms, such as: known and unknown, as opposed to ignored (مَعْلُومٌ وَمَجْهُولٌ), declinable and indeclinable, as opposed to structured (مُعْرَبٌ وَمَبْنِيٌّ), active and inactive, as opposed to neutral (عَامِلٌ وَعَاطِلٌ), etc.

62 – The known verb (فِعْلٌ مَعْلُومٌ) is thus named to indicate that its agent is known (مَعْلُومٌ فَاعِلُهُ), while the ignored verb (فِعْلٌ مَجْهُولٌ) is that whose agent is ignored (مَجْهُولٌ فَاعِلُهُ). The use of the expression passive verb for (فِعْلٌ مَجْهُولٌ), favored by many linguists, is to be rejected. It is wrong to say in Arabic: A letter has been written by So-and-so (لا يُقال: كُتِبَتْ رِسَالَةٌ مِنْ قِبَلِ فُلَانٍ). This English passive form designates the agent who wrote the letter, which cannot be the case in Arabic with a verb whose agent is ignored (مَجْهُولٌ فَاعِلُهُ).

63 – We must not push too far the resemblances of the Arabic verb to the English verb, but content ourselves instead with recording the intent of the Arab grammarian. The verb has times (زَمَانٌ) and moods (صِيغَةٌ):

1 – The times are three in number:
- past time
- present time
- future time

٢ - وَالصيغُ ثلاثٌ هيَ:
- الفعلُ الماضي.
- الفعلُ المضارعُ.
- فعلُ الأمرِ.

الدّواعي الّتي قادتْنَا إلى اختيارِ التّعبيرِ (Conform) لِلمضارعِ ، قدْ فُصّلتْ في المقدّمةِ. وممّا يزيدُ في دعمِ هذا الاختيارِ، كونُ الفعلِ المضارعِ صيغةً وليسَ زمنًا. ومن المُفيدِ، وبعيدًا عن المقارناتِ، تَبيُّنُ أنَّ الفعلَ الماضيَ، فيهِ ماضٍ كاملٌ (Perfect) ، وماضٍ سابقٌ (Preceding) ، وماضٍ أكملُ (Pluperfect) .

٦٤ -تصريفُ الفعلِ يَندرجُ طبيعيًّا في إطارِ هذهِ الصيغِ المُختلفةِ وهوَ تصريفٌ يَحْسُنُ فهمُهُ، متَى لاحظْنا دخولَ حروفِ الزّيادةِ على الأوزانِ الأصليّةِ، مُلاحظَتَنا لتغيُّرِ الفعلِ في تصريفِهِ مع الغائبِ والمخاطبِ والمتكلّمِ . لِأنَّ زيادةَ حرفٍ أو اثنينِ أو ثلاثةٍ على وزنِ الفعلِ المُجرّدِ، تُبدّلُ تمامًا في معناه:

١ - وزنُ فَعَلَ، بزيادةِ الألفِ يُصبحُ فَاعَلَ.
٢ - وزنُ فَعَلَ، بزيادةِ الألفِ والسينِ والتاءِ يُصبحُ آسْتَفْعَلَ.
إنَّ ابرازَ هذهِ اللّعبةِ في التَّصريفِ وَالاشتقاقِ هوَ الهمُّ الّذي قادَنا إلى اعتمادِ تحويلٍ دقيقٍ.

٦٥ -الفعلُ التامُّ مرفقًا بِضميرِهِ الظاهر أو المستترِ يُشكّلُ بذاتِهِ جملةً فعليّةً. وَبِحسبِ استعمالِ هذهِ الجملةِ واختيارِ الصّيغةِ المناسبةِ، يَخضعُ الفعلُ لحالاتٍ مختلفةٍ من الإعرابِ أو البناءِ.

2 — The moods are three in number:

— past verb

— conform verb

— imperative verb.

The reasons that have led to the choice of the term conform (مُضَارِعٌ) are developed in the preface. They appear stronger since the conform verb is a mood (صِيغَةٌ) and not a time (زَمَنٌ). Without wishing to make comparisons, we can note with interest that the verb in past time has a past perfect (مَاضٍ كَامِلٌ), a preceding past (مَاضٍ سَابِقٌ) and a pluperfect past (مَاضٍ أَكْمَلُ).

64 — The conjugation of the verb (تَصْرِيفُ ٱلْفِعْلِ) enters naturally into the frame of its different moods. This conjugation will be better understood if we observe the intervention of the letters of augmentation (حُرُوفُ ٱلزِّيَادَةِ) in the radical measures (أَوْزَانٌ أَصْلِيَّةٌ), as well as the variations of the verb in relation to the absent person (غَائِبٌ), the person spoken to (مُخَاطِبٌ), or the speaking person (مُتَكَلِّمٌ). The augmentation of one to three letters in the measure of the denuded verb (وَزْنُ ٱلْفِعْلِ ٱلْمُجَرَّدِ) completely changes its meaning:

1 — Measure **F*a*R̲*a*L*a*** + (E) becomes **F*a*ER̲*a*L*a***

2 — Measure **F*a*R̲*a*L*a*** + (E + S + T) becomes **ÈS'T*a*F'R̲*a*L*a***

Such care to bring out the play of conjugation and derivation has led the writer to adopt a precise transliteration.

65 — The complete verb (اَلْفِعْلُ ٱلتَّامُّ), accompanied by its apparent (ضَمِيرٌ ظَاهِرٌ) or latent personal noun (ضَمِيرٌ مُسْتَتِرٌ), constitutes by itself a verbal sentence (جُمْلَةٌ فِعْلِيَّةٌ). According to the use which is made of this sentence and the mood chosen, the verb will be submitted to diverse situations of declension (إِعْرَابٌ) or structure (بِنَاءٌ).

١ ـ الفعلُ الماضي مبنيٌّ أبدًا.
٢ ـ الفعلُ المضارعُ يكونُ:

- إمّا معربًا ← مرفوعًا / منصوبًا / مجزومًا

- وإمّا مبنيًّا

٣ ـ فعلُ الأمرِ مبنيٌّ أبدًا.

وَيظهرُ البناءُ على آخرِ الفعلِ بِوجوهٍ مختلفةٍ:

١ ـ على الفتحةِ.
٢ ـ على الضمّةِ.
٣ ـ على السّكونِ.
٤ ـ على حذفِ النّونِ.
٥ ـ على حذفِ حرفِ العلّةِ.

إعرابُ الفعلِ يُحدثُ تغيُّراتٍ عدّةً في آخرِهِ:

١ ـ رفعًا ← بالضمّةِ / بثبوتِ النّونِ
٢ ـ نصبًا ← بالفتحةِ / بحذفِ النّونِ
٣ ـ جزمًا ← بالسّكونِ / بحذفِ النّونِ / بحذفِ حرفِ العلّةِ

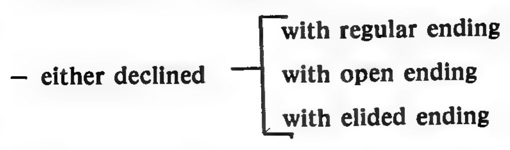

التّعادُلُ المذكورُ أعلاهُ يُبيّنُ كيفَ أنَّ الوظائفَ النّحويّةَ مُرتبطةٌ بأواخرِ الكلماتِ، وَكيفَ أنَّ تحويلَها إلى الإنكليزيّةِ يَضعُها في متناوَلِ اللّغويّينَ والمُستشرقينَ.

٦٦ ـ إنَّ دخولَ الضمائرِ البارزةِ على الفعلِ الصّحيحِ أو الفعلِ المعتلِّ يُؤَثِّرُ في عمليّةِ التّصريفِ، متى تمَّ التقيُّدُ بالقواعدِ الصّرفيّةِ.

١ ـ الضّمائرُ البارزةُ ستّةٌ: ا، ت، ن، نا، و، ي. تدخلُ على الفعلِ لِتمكين تصريفِهِ:

1 — The past verb is always structured.

2 — The conform verb can be:

— or structured.

3 — The imperative verb is always structured.

The verb's structure in its ending is formed under different aspects:

1 — on the vowel *a*

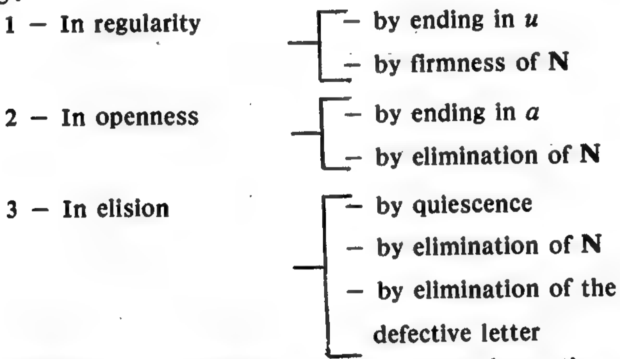

2 — on the vowel *u*

3 — on quiescence

4 — by elimination of **N**

5 — by elimination of the defective letter

The declension of the verb causes different changes in its ending:

The equivalence summarized above shows how the syntactic functions are linked to endings of words, their transposition into English putting all of this at the disposal of linguists and orientalists.

66 — Once the rules of spelling are respected, the intervention of prominent personals (ضَمَائِرُ بَارِزَةٌ) in the sound (صَحِيحٌ) or defective (مُعْتَلٌّ) verb affects the course of its conjugation (تَصْرِيفٌ).

1 — The prominent personals are six in number: **E, T, N, N*a*E, O** and **Y** (ا ، ت ، ن ، نا ، و ، ي) . They intervene to accomodate the verb to the conjugation:

- وزنُ فَعَلَ، يُصبحُ فَعَلْتَ الخ...
- وزنُ يَفْعَلُ، يُصبح تَفْعَلُ الخ...
- وزنُ آفْعَلْ، يُصبح آفْعَلُوا الخ...

٢ - يَتولّدُ منْ دخولِ الضمائرِ البارزةِ على حروفِ الفعلِ الثلاثيّ الأصليّةِ، حالاتٌ خاصةٌ في التّصريف، بِحسبِ ما يكونُ الفعلُ صحيحًا أو مُعتلًّا. مُعالجةُ مادّة الفعلِ العربيّ، من دونِ الدّخولِ في تفاصيلِ التّحويلِ إلى الإنكليزيّةِ، تَبْقى أمْرًا عسيرًا.
إنَّ أوضاعَ الحروفِ الأصليّةِ، تَخْتصرُ تسميةَ الأفعالِ على الشّكلِ الآتي:

- فعلٌ صحيحٌ
  ١ - سالِمٌ
  ٢ - مهموزُ الفاءِ.
  ٣ - مهموزُ العينِ.
  ٤ - مهموزُ اللامِ.

- فعلٌ مُعْتَلٌ
  ١ - معتلُّ الفاءِ أو مِثالٌ
  ٢ - معتلُّ العينِ أو أَجْوَفُ
  ٣ - معتلُّ اللامِ أو ناقِصٌ
  ٤ - لَفيفٌ مَفروقٌ
  ٥ - لفيفٌ مَقرونٌ

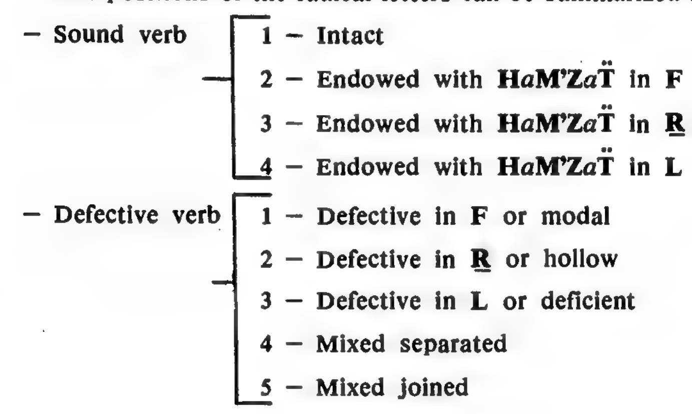

٦٧ - الفعلُ المضارعُ وحدَه يقبلُ الإعرابَ:
١ - هوَ مرفوعٌ متَى تجرَّدَ من النّواصبِ والجوازمِ ومن كلِّ ما يوجبُ بناءَهُ.
٢ - وهوَ منصوبٌ متى تقدّمهُ حرفُ نصبٍ.
٣ - وهوَ مجزومٌ متى تقدّمهُ حرفُ جزمٍ أو أداة شرطٍ.

– **FaRaLa**: he did, becomes **FaRaL'Ta**: you did etc.

– **YaF'RaLu**: he does, becomes **TaF'RaLu**: you do etc.

– **ÈF'RaL'**: Do, becomes **ÈF'RaLuOE**: Do (pl.) etc.

2 – The radical letters (أَلحُرُوفُ ٱلأَصْلِيَّةُ) of the triliteral verb create particular situations with relation to conjugation, with the prominent personals according to whether the verb is sound (صَحِيحٌ) or defective (مُعْتَلٌّ). It was not possible to treat this importante matter of the Arabic verb without going into details of its transposition in English. The positions of the radical letters can be summarized as:

67 – The conform verb is the only one which admits declension (إِعْرَابٌ):

1 – It has a regular ending (مَرْفُوعٌ) when it is not submitted to the action of the elements of openness (نَوَاصِبُ) or elision (جَوَازِمُ), and when it escapes the situations of structure (بِنَاءٌ).

2 – It has an open (مَنْصُوبٌ) ending when it is preceded by a letter of opening (حَرْفُ نَصْبٍ).

3 – It has an elided (مَجْزُومٌ) ending when it is preceded by a letter of elision (حَرْفُ جَزْمٍ) or a conditional article أَدَاةُ) (شَرْطٍ.

وفي المضارعِ حالةُ إعرابٍ خاصةٌ تُجسِّدُها نونٌ زائدةٌ، وتكونُ علامةُ هذا الإعرابِ حرفَ علّةٍ بدلًا منْ حركةٍ.
يَنتجُ عن ذلكَ، تصريفٌ مختلفٌ يُسمَّى الأفعالَ الخمسةَ، لِأنّهُ يَتعلّقُ فقطْ بِخمسةِ ضمائرَ:

١ - يَفْعَلانِ
- الفاعلُ هوَ حرفُ الألفِ
٢ - تَفْعَلان
- الفاعلُ هوَ حرفُ الألفِ.
٣ - يَفْعَلونَ
- الفاعلُ هوَ حرفُ الواوِ.
٤ - تَفْعَلونَ
- الفاعلُ هوَ حرفُ الواوِ.
٥ - تَفْعَلينَ
- الفاعلُ هوَ حرفُ الياءِ.

هذا التّصريفُ الخاصُّ بِالفعلِ المضارعِ قدْ أهملَهُ اللّغويُّونَ. فقدْ صعُبَ عليهِمْ أنْ يَنْسُلوا خُيوطَ هذهِ الشّلّةِ المتكوّنةِ من اجتماعِ فاعلٍ وضميرٍ، حركةٍ وحرفٍ، حذفِ نونٍ وثبوتِ نونٍ، إضافةً إلى براعةِ تدخّلِ حروفِ العلّةِ والّتي، إنْ أُهملَ دورُها، حُرِمَ اللّغويُّ من فائدةٍ أكيدةٍ في عمليّةِ النّقلِ.

There exists a particular declension (إعْرَابٌ) characterized by the augmented letter **N** (نُونٌ زَائِدَةٌ), the sign of this declension being a defective letter (حَرْفُ عِلَّةٍ) instead of a vowel (حَرَكَةٌ).

From it results a different conjugation said to be of the five verbs (أفْعَالٌ خَمْسَةٌ) because it is applied only to five personals:

1 – They do (dual) : **Y*a*F'R̲*a*L*a*EN*i***
The agent is the letter **E**

2 – You do (dual) : **T*a*F'R̲*a*L*a*EN*i***
The agent is the letter **E**.

3 – They do (pl.) : **Y*a*F'R̲*a*L*u*ON*a***
The agent is the letter **O**.

4 – You do (pl.) : **T*a*F'R̲*a*L*u*ON*a***
The agent is the letter **O**.

5 – You do (fem. sing.): **T*a*F'R̲*a*L*i*YN*a***
The agent is the letter **Y**.

This particular conjugation of the conform verb has been neglected by the linguists. It was difficult to compose a schema uniting agent (فَاعِلٌ) and personal (ضَمِيرٌ), vowel (حَرَكَةٌ) and letter (حَرْفٌ), elimination of **N** (حَذْفُ النُّونِ) and firmness of **N** (ثُبُوتُ النُّونِ), not to mention the bringing in of the defective letters (حُرُوفُ العِلَّةِ). Neglecting the role of these latter would deprive the transposition process of a definite advantage.

٧ ـ حالاتٌ خاصّةٌ

بعضُ فارقاتِ العربيّةِ تطرحُ مسائلَ تُستَحسنُ معالجتُها وفاقًا لِروحِ المعاييرِ الّتي اعتُمدتْ في هذهِ الدّراسةِ، عِوضًا عنْ مقارنتِها بِالقواعدِ الإنكليزيّةِ. إليكَ نماذجَ منها:

٧١ ـ المفاعيلُ. أسماءٌ منصوبةٌ تُبيّنُ نوعَ الاسمِ الّذي وقعَ عليهِ الفعلُ، وعددَهُ، وسببَهُ، وزمانَهُ، ومكانَهُ، وصحبَهُ. والمفاعيلُ خمسةٌ: المفعولُ بهِ، المفعولُ المطلَقُ، المفعولُ لِأجلِهِ، المفعولُ فيهِ، والمفعولُ معهُ. هذهِ الوظائفُ النّحويّةُ كلُّها، تَبدُو مُرتبطةً بتسميةٍ مشتركةٍ تُوافقُ حالاتِها وهيَ المفعولُ (Patient). ولَعلَّ القارئَ سَيرتاحُ أكثرَ إلى هذا التّنسيقِ بينَ مُكوّناتِ الفضلةِ في الجملةِ، بدلًا من العودةِ الى تسمياتٍ مثلَ (Direct object) لِلمفعولِ بهِ، وَ (Cognate) لِلمفعولِ المطلَقِ، وَ(Adverbial accusative) للمفعولِ فيهِ الخ... من غيرِ أنْ نُهملَ المفعولَ الأوّلَ والثّانيَ والثّالثَ والتي لا بُدَّ لها من تسميةٍ أُخرى.

٧٢ ـ الأفاعيلُ. إنَّ الفصلَ بينَ المفاعيلِ وَالأفاعيلِ، مبادرةٌ لمْ نُسبقْ إليها في القواعدِ العربيّةِ. وَقد اكْتَشفْنا هذِهِ الثغرةَ بينَما كنّا نُحاولُ رسمَ هيكلٍ لِلمنصوباتِ جميعًا. ثلاثَـةُ منصـوبـاتٍ هـيَ: الحـالُ، والتّمييـزُ، والاستثناءُ، لمْ تُبيّنْها نسبتُها إلى المفاعيلِ، فإذا هيَ معزولةٌ تَبحثُ عن هويّةٍ لها لِإدراكِ نَصْبيّتِها. وقد فضّلنا لِلاستثناءِ (Exclusion) على (Exception)، لِاشتقـاقِـهِ الصحيـحِ استجـابـةً لمُستثنًـى (Excluded)، ومُستثنًى منهُ (Included). وَقد اعْتبرنا تعبيرَ أَفَاعِيلَ (Other-patients)

7 – PARTICULAR CASES

Certain nuances of the Arabic language pose problems which are better treated in the spirit of the criteria laid down in this study than by comparison with English grammar. Here are some examples:

71 – THE PATIENTS (أَلْمَفَاعِيلُ). They are nouns with open ending (مَنْصُوبَاتٌ) indicating the nature (نَوْعٌ), the number (عَدَدٌ), the cause (سَبَبٌ), the time (زَمَانٌ), the place (مَكَانٌ) and the concomitance (صَحْبٌ) of all that undergoes the action of the verb. The patients are five in number: the direct patient (مَفْعُولٌ بِهِ), the absolute patient (مَفْعُولٌ مُطْلَقٌ), the causal patient (مَفْعُولٌ لِأَجْلِهِ), the circumstantial patient (مَفْعُولٌ فِيهِ), and the comcomitant patient (مَفْعُولٌ مَعَهُ).

All these syntactical functions will better appear linked by a common denominator which happens to be here the patient. The reader will appreciate more easily this coordination between the components of the supplement (فَضْلَةٌ) of a sentence, than by having recourse to such terms as direct object (مَفْعُولٌ بِهِ), cognate (مَفْعُولٌ مُطْلَقٌ), adverbial accusative (مَفْعُولٌ فِيهِ), etc., not to mention first, second and third patients (مَفْعُولٌ أَوَّلٌ، ثَانٍ، ثَالِثٌ) for which another name must be found.

72 – THE OTHER-PATIENTS (الأَفَاعِيلُ). Even in Arabic grammar, the seperation between patients (مَفَاعِيلُ) and other-patients (أَفَاعِيلُ) is a personal initiative of the author. This lacuna comes to light when one tries to draw an organigram of all the nouns with open ending (مَنْصُوبَاتٌ). Three functions of openness (نَصْبٌ), which cannot be satisfied with the title of patients, stand by themselves in search of an entity. They are: status (حَالٌ), distinction (تَمْيِيزٌ) and exclusion (آسْتِثْنَاءٌ). This last term has been preferred to that of exception because it permits a better derivation, such as: excluded (مُسْتَثْنَى) and

أكثرَ ملاءَمةً لِلجمعِ بينَ هذهِ المركّباتِ الثّلاثِ، الشّاهدةِ لِانْفِتاحِ العربِ على الوضوحِ. فهيَ لَيْستْ مَفَاعِيلَ، بلْ هيَ اسماءٌ منصوبَةٌ، فضلاتٌ، تُوضِحُ عملَ الفاعلِ، وتعزِلُ معمولَهُ، وتُخْرِجُهُ عنْ حكمِ غيرِهِ.

٧٣ ـ المجروراتُ. هيَ جزءٌ مِنَ الفضلةِ، تُوليها معنًى جديدًا، وتطلُبُ لِذاتِها مُتعلَّقًا خاصًّا مُرتبطًا بِالمسنَدِ في الجملةِ. تَبقَى هذه الاسماءُ في حالةِ خفضٍ بِالنسبةِ إلى الفعلِ أو شبهِهِ. والخفضُ، في الاصطلاحِ النّحويّ يُساوي الجرَّ، يَعني جرَّ الاسمِ إلى إتقانِ التعبيرِ وتَحسينِ الكلامِ. ويجرُّ الاسمُ في ثلاثةِ مواضعَ:

١ ـ إذا وقعَ بعدَ حرفِ جرّ. وهذهِ الحالةُ قد استدعتْ ثُنائيّةً بارزةً هيَ الجارُّ والمجرورُ.

٢ ـ إذا كانَ في حالةِ الإضافةِ. والإضافةُ وجهٌ مهمٌّ مِنْ وجوهِ النَّحوِ. ويَحملُ هذا التّعبيرُ، الّذي اعتمدَهُ عددٌ مِنَ اللّغويّينَ، على إدراكِ اشتقاقِهِ: (Annexing, annexed, annexation) وَما اعتمدْناهُ يَفضلُ في الاستعمالِ ما اعتمدَهُ اللّغويّونَ مثلَ: (Prothetic or prefixed, governed or postfixed, Subordination by prothesis)

٣ ـ إذا كانَ تابعًا لمجرورٍ.

included (مُسْتَثْنى فِيهِ). Without themselves being patients, the three functions of openness belong to the supplements (فَضَلَاتٌ) of the sentence with a view to rendering explicit the agent's (فَاعِلٌ) action, isolating or circumscribing its passive element (مَعْمُولَهُ), and excepting it from the dispositions applicable to other nouns. The term (أَفَاعِيلُ) has been judged the most apt for unifying these three components of the Arabic openness to clarity.

73 – NOUNS WITH A REDUCED ENDING (أَلْمَجْرُورَاتُ). They are part of the supplement (فَضْلَةٌ) of the sentence, to which they propose a new meaning while creating a new attachment (مُتَعَلَّقٌ) in that sentence, with the function of information (مُسْنَدٌ). These nouns are kept in a state of submission (خَفْضٌ) with reference to the verb or its derivative. This submission, according to a syntactical convention, is equivalent to reduction (جَرٌّ), i.e. dragging the noun (جَرُّ آلاسْمِ) towards exactitude of expression and amelioration of language.

The noun is submitted to reduction in three different situations:

1 – If it is placed after a letter of reduction (حَرْفُ جَرٍّ). This situation has given birth to a remarkable tandem, that of the reducer and the reduced (أَلْجَارُّ وَآلمَجْرُورُ).

2 – If it is in position of annexation (إِضَافَةٌ). Annexation presents an interesting aspect of syntax. This term, adopted by many linguists, lends itself to derivations in its use, such as: annexing (مُضَافٌ), annexed (مُضَافٌ إِلَيْهِ), noun of annexation (آسْمُ إِضَافَةٍ). This term is notably superior to others like prothetic or prefixed (مُضَـــاف), governed or postfixed(مُضَافٌ إِلَيْهِ) , and subordination by prothesis (جَرٌّ بالإِضَافَةِ).

3 – If it is the follower (تَابِعٌ) of a reduced (مَجْرُورٌ) noun.

٧٤ ـ النَّواسخُ. ما إنْ تُطرحَ مسألةُ كانَ (To be) حتّى يَتّجهَ الفكرُ وتداعياتُهُ تلقائيًّا نحوَ عباراتٍ مألوفةٍ مثلِ (Auxiliaries, accessories) ولا شكَّ في وجودِ نقاطٍ مشتركةٍ بينَ كانَ والفعلِ الإنكليزيّ، والّذي بِفقدانِهِ معناهُ الخاصَّ يُساعدُ الأفعالَ الأُخرى على تكوينِ أزْمنَتِها المركّبَةِ. لكنَّ الشَّبهَ بينَ (Auxiliary to be) والنّاسخِ كانَ، يَنْحصرُ في معناهُما النّاقِصِ. تَدخلُ النّواسخُ على المبتدإِ والخبرِ لِتُغيّرَ في لفظِهما ناقلةً الإعرابَ منْ حالٍ إلى حالٍ، ولِتُغيّرَ في معناهُما بنقلِ الحدوثِ من زمنٍ إلى زمنٍ أو من جوازٍ إلى وجوبٍ؛ والنّواسخُ هيَ:

١ ـ حروفُ معانٍ مشبّهةٌ بالفعلِ
- إنَّ وأخواتُها
- ما وأخواتُها
- لا النّافيةُ لِلجنسِ.

٢ ـ أفعالٌ ناقصةٌ
- كانَ وأخواتُها
- كادَ وأخواتُها.

٣ ـ اسماءٌ مشتقّةٌ من هذهِ الأفعالِ.

لا شبيهَ في الإنكليزيّةِ لهذه النّواسخِ. وما عملُها، وهيَ تُحدثُ تَغييرًا مفاجئًا في إعرابِ المبتدإِ والخبرِ، سوى تأكيدٍ لأحكامِ القواعدِ العربيّةِ وترسيخٍ لأصالَتِها.

74 – THE ANNULLERS (أَلنَّواسِخُ). Once we raise the question of **K*a*EN*a***, the verb to be, simple association of ideas orients one's thoughts towards such familiar expressions as: auxiliaries, accessories... There are certainly some points in common with the case where the English auxiliary verb, losing its own particular meaning, serves to form the composite tense of other verbs, but the resemblance between the auxiliary to be and the annuller **K*a*EN*a*** is limited to the deficient meaning of these two verbs. The annullers (نَوَاسِخُ) intervene with the primate (مُبْتَدَأٌ) and the predicate (خَبَـــرٌ) to modify their pronunciation by transposing the declension (إِعْرَابٌ) of one situation to another, and to modify their meaning (مَعْنًى) by transposing the activity from one time to another or from a probability (جَوَازٌ) to an obligation (وُجُوبٌ).

The annullers are:

1 – Letters of signification similar to the verb:
- **É*i*Ña** and her sisters
- **M*a*E** and her sisters
- **L*a*E** of generic negation

2 – Defective verbs:
- **K*a*EN*a*** and her sisters
- **K*a*ED*a*** and her sisters.

3 – Nouns derived from these same verbs.

Without equivalent in the English language, the annullers (نَوَاسِخُ), working unforseen changes in the declensions (إِعْرَابٌ) of the primate (مُبْتَدَأٌ) and predicate (خَبَرٌ), only confirm the rules of Arabic grammar and affirm their authenticity.

٧٥ ـ التّوابعُ. التوابعُ بِالعربيّةِ، هِيَ أَلفاظٌ تَتبعُ غيرَها لِتوضيحِ معناها. وَإذا كانَ منَ الواجبِ اتّفاقُ التابعِ والمتبوعِ في نوعِ الإعرابِ، فمنَ الواجبِ كذلكَ اختلافُهُما في سبَبِهِ. فَسببُ الإعرابِ في المتبوعِ قدْ يكونُ الفاعليّةَ أو المفعوليّةَ أو الابتداءَ الخ... أمّا سببُهُ في التّابعِ فواحدٌ وهوَ التّبعيّةُ، لِأنّهُ نَعتٌ أو توكيدٌ أو بدلٌ أو معطوفٌ أو حكايةٌ. إنَّ مفهومَ التبعيّةِ (Succession) المعتمدَ في هذا المعجمِ يَتعارضُ ومفهومَ (Apposition) الّذي اعتمدَتْهُ غالبيَّةُ اللّغويّينَ. فإذا أمكنَ بعضُ الشّبهِ بينَ النعتِ وَ (Appositive) فليسَ الأمرُ كذلكَ في أنواعِ التبعيّةِ الأُخرى. إنَّ الاختلافَ الأوّلَ يكمنُ في أنَّ (Appositive) قَدْ يسبقُ الاسمَ بينَما التّابعُ لا يقعُ إلّا بعدَ المتبوعِ. أضفْ إلى ذلكَ أنّنا في قولِنَا: «قرأتُ الدّرسَ وَكتبتُهُ» نجدُ الجزءَ الثاني من الجملةِ «كتبتُهُ» تابعًا معطوفًا. كذلكَ إذا قُلْنا: «سَقَطَتْ، سَقَطَتْ بابلُ» فإنَّ تكرارَ «سَقَطَتْ» تابعٌ توكيدٌ. هذه الأمثلةُ، علَى مَا فِيها منْ جَلاءٍ، تُبْطلُ كلَّ جَدَلٍ.

75 – THE FOLLOWERS (أَلتَّوَابِعُ). The followers, in Arabic, are terms which follow others to elucidate their meaning. Yet, although follower and followed (تَابِعٌ وَمَتْبُوعٌ) must be in agreement in the nature of their declension (إِعْرَابٌ), they must necessarily diverge as to the cause of this declension. For the declension of the followed (مَتْبُوعٌ) may be caused by the agent-function (فَاعِلِيَّةٌ), the patient-function (مَفْعُولِيَّةٌ), the primacy (أَلاِبْتِدَاءُ), etc., while there is only one cause for the declension (إِعْرَابٌ) of the follower (تَابِعٌ), which is succession (أَلتَّبَعِيَّةُ); the follower being descriptive (نَعْتٌ), confirmative (تَوْكِيدٌ), substitutive (بَدَلٌ), attracted (مَعْطُوفٌ), or narrative (حِكَايَةٌ). The system of succession (تَبَعِيَّةٌ) adopted in this dictionary is quite different from the system of apposition adopted by most linguists. If there exists some resemblance between appositive and descriptive (نَعْتٌ), this does not hold true for the other forms of succession. The first divergence resides in the fact that the apposition can be placed before or after the noun, whereas the follower (تَابِعٌ) can only come after the followed (مَتْبُوعٌ). Furthermore, if we say: «I have studied the lesson and I have written it» the second part of this sentence, «I have written it» is an attracted follower (تَابِعٌ مَعْطُوفٌ). Likewise if we say: «She is fallen, she is fallen, mighty Babylon», the repetition «she is fallen» is a confirmative follower (تَابِعٌ تَوْكِيدٌ). These examples, being so evident, should close the discussion.

٨ ـ خُلاصةٌ

لَقدْ باتَتِ الآنَ في متناوَلِ القارئِ، وتدعيمًا لِحجّتِهِ، مُصطلحاتٌ أساسيّةٌ لِلقواعدِ العربيّةِ، واتّضحَتْ لِعينيهِ الحوافزُ الّتي حدَتِ المؤلّفَ على اعتمادِ معادلةٍ إنكليزيّةٍ ملائمةٍ لِلفكرِ العربيّ. بعضُ الشّروحاتِ التّقنيّة بدتْ لا غنًى عنها في تجميعِ المعلوماتِ الّتي ساعدتْ على تعيينِ اختياراتٍ واقتراحِ حلولٍ. وفي هذا الإطارِ فإنَّ المقاربةَ الإنكليزيّةَ المعتمدةَ في المعجمِ، ستبدُو غالبًا أُصوليّةً وأحيانًا مبتكرةً.

كانَ لا بدَّ منْ خلقِ لغةٍ إنكليزيّةٍ خاصّةٍ متكيّفةٍ وَكلَّ فارقاتِ القواعدِ العربيّةِ، منْ دونِ داعي العودةِ إلى تحديداتِ القواعدِ الإنكليزيّةِ. وقد أُبعدَتِ الكلماتُ الّتي لمْ تظهرْ في تصنيفاتِ المعاجمِ الإنكليزيّةِ؛ والجوازُ الوحيدُ الّذي سمحَ بِهِ المؤلّفُ لنفسِهِ، كانَ في استعمالِ (Participle) في مكانِ (Noun) مثلَ: (Annexing)، أو في استعمالِ (Adjective) في مكانِ (Substantive) مثلَ: (Circumstantial). ومتَى ظهرَتْ في الكتاب من حينٍ الى آخرَ لَبْنَنَةٌ مَا، تُضْفِي على الأسلوبِ لمعانًا، وتكشفُ عنْ تجذُّرِ المؤلِّفِ، فما هيَ إلَّا خصومةٌ شريفةٌ في خدمةِ قضيّةٍ نبيلَةٍ.

وهكذا تُمكنُ، بما قدّمَهُ هذا المعجمُ من مادّةٍ، المغامرةُ في حرمِ الإعراب النّحويّ، في اللّغةِ الإنكليزيّةِ.

١ ـ هاكَ جملةً فعليّةً: أَتَى ٱلجَامِعِيُّ

أَتَى: فعلٌ ماضٍ تامٌّ معلومٌ، مبنيٌّ على الفتحةِ المقدّرةِ على الألفِ لِلتّعذّرِ.

ٱلجَامِعِيُّ: فاعلٌ مرفوعٌ، علامةُ رفعِهِ الضّمّةُ الظاهرةُ في آخرِهِ.

٢ ـ وهاكَ جملةً اسميّةً: القاضِي شجاعٌ

القاضِي: مبتدأٌ مرفوعٌ، علامةُ رفعِهِ الضمّةُ المقدّرةُ على الياءِ لِلثقلِ.

شجاعٌ: خبرٌ مرفوعٌ، علامةُ رفعِهِ الضمّةُ الظاهرةُ في آخرِهِ.

* * * * *

وَهذا ما وَجبَ بيانُهُ.

8 – CONCLUSION

The reader now has before him for his judgment an essential terminology of Arabic grammar and an overview of the reasons which have led the author to adopt an English equivalence appropriate to the Arabic thought. Certain technical explanations were indispensable in order to convey information that would clarify choices and propose solutions. In this context, the English approach of this dictionary will often seem original, sometimes surprising.

It was essential to create a particular English terminology adapted to all the nuances of Arabic grammar without forcing the reader to refer back to the definitions of English grammar. No words have been invented; all of them can be found in dictionaries. The only licence the author has allowed himself has been to use a participle for a noun, as in annexing (مُضَافٌ), or an adjective for a substantive, such as circumstantial (ظَرْفٌ). If from time to time some"libanisms"have colored the style and revealed the author's origins, it is only fair in the service of a noble cause.

With the material offered by this dictionary, it will be possible to venture into the holy domain of grammatical analysis.

1 – An example of a verbal sentence: [He] came the alumnus.

CAME:	Past verb, complete, known. Structured on the vowel *a* supposed with the letter **E** by impossibility.
ALUMNUS:	Agent with regular ending, the sign of its regularity being the vowel *u* apparent in its ending.

2 – Example of a nominal sentence: The judge [is] courageous.

THE JUDGE:	Primate with regular ending, the sign of its regularity being the vowel *u* supposed with the letter **Y** because of heaviness.
COURAGEOUS:	Predicate with regular ending, the sign of its regularity being the vowel *u* apparent in its ending.

Absent ... غَائِبٌ

Absolute patient ... مَفْعُولٌ مُطْلَقٌ

Absolute pro-patient ... نَائِبُ مَفْعُولٍ مُطْلَقٍ

Abstract noun ... اسْمُ مَعْنًى

Accents ... ضَوَابِطُ

Accidental structure ... بِنَاءٌ عَارِضٌ

Acclaim (To...) ... نَعِمَ

According to ... عَلَى

According to ... عَنْ

Act (To...) ... عَمِلَ

Action of declension ... عَمَلٌ إِعْرَابِيٌّ

Active element ... عَامِلٌ

Active element of the distinctive ... عَامِلُ التَّمْيِيزِ

Active element of the status ... عَامِلُ الحَالِ

المسرد الإنكليزيّ ـ العربيّ

ENGLISH -ARABIC
LEXICON

Elide (To..., to clip) .... جَزَمَ

Article of elision .... أَدَاةُ جَزْمٍ

Elided .... مَجْـزُومٌ

Eliding .... جَازِمٌ

Elision .... جَزْمٌ

Elision of the verb .... جَزْمُ ٱلْفِعْلِ

Letter of elision .... حَرْفُ جَزْمٍ

Sign of elision .... عَلَامَةُ جَزْمٍ

Verb with elided ending .... فِعْلٌ مَجْزُومٌ

٦ ـ علَى القارئِ أَنْ لا يَرَى في هذا المسردِ سوَى مُراجعةٍ لِلمسردِ العربيّ. فَالكلماتُ الإنكليزيّةُ المستعملةُ، وَلا ميزةَ قواعديّةً خاصةً لَها، لمْ يكُنِ القصدُ منْ تتابعِها في ترتيبٍ هجائيّ تسهيلَ البحثِ عنْها.

هدفُ هذا الترتيبُ إذًا، هوَ إلقاءُ الضوءِ علَى المجموعاتِ ذاتِ الجذرِ الواحدِ والّتي اعتُمدتْ لِلكشفِ عن الوظائفِ القواعديّةِ لِمُماثِلاتِها العربيّةِ.

٥ ـ مَسَاقُ الموادِّ

هذهِ الإرشادات تقومُ أيضًا مقامَ المساقِ لموادِّ المعجمِ.

Elide (To..., to clip) .... جَزَمَ

Article of elision .... أَدَاةُ جَزْمٍ

Elided .... مَجْزُومٌ

Eliding .... جَازِمٌ

Elision .... جَزْمٌ

Elision of the verb .... جَزْمُ ٱلْفِعْلِ

Letter of elision .... حَرْفُ جَزْمٍ

Sign of elision .... عَلَامَةُ جَزْمٍ

Verb with elided ending .... فِعْلٌ مَجْزُومٌ

6 – The reader must be warned to see in this lexicon nothing but a repetition of the Arabic lexicon. The English words used, having no grammatical character of their own, have not been put in alphabetical order to facilitate looking them up ; the aim of this order is to throw light on the groups and families of words adopted to respond to the grammatical functions of their Arabic opposites.

5 – TABLE OF CONTENTS

These instructions serve also as a table of contents.

6 – ORIENTALISTS REFERRED TO

A. D'ALVERNY

J.J. SCHMIDT
J. DE SOUSA
H. WEHR
W. WRIGHT

٤ ـ المسْردُ الإنكليزيُّ ـ العربيُّ

هوَ مُراجعةٌ لِلمسردِ العربيِّ بِحسبِ الترتيب الهجائيِّ الإنكليزيِّ .

١ ـ حروفُ المعاني تَظهرُ في واحدٍ مِن استعمالاتِها العربيّةِ الأكثرِ شيوعًا. نحوَ:

Except .... إلَّا

٢ ـ تَخضعُ الاسماءُ لِلقاعدةِ نفسِها، نحوَ:

Anteriorly .... آنِفًا

In the morning .... ضَحْوَةً

This (masc.) .... ذَا

Twelve .... اثْنَا عَشَرَ، اثْنَتَا عَشْرَةَ

٣ ـ تأتي الأفعالُ في الترتيبِ الهجائيِّ بِصيغةِ (Infinitive)، نحوَ:

Be impossible (To ...) .... اسْتَحَالَ

Cease (Not ... to) .... انْفَكَّ (ما ...)

Do (To ...) .... فَعَلَ

Have a defect (To ...) .... عَلَّ

Soften the voice (To ...) .... رَخَمَ

Turn about (To ...) .... انْقَلَبَ

٤ ـ الكلماتُ التّقنيّةُ والتّعابيرُ القواعديّةُ تَعكسُ حصرًا مفهومَ المؤلّفِ منْ دونِ العودةِ إلى المُستشرقينَ كما أشرْنَا إليهِ في المسردِ العربيِّ . نحوَ:

Agent-function .... فَاعِلِيَّةٌ

Circumstantial sentence .... جُمْلَةٌ ظَرْفِيَّةٌ

Conform ignored verb .... فِعْلٌ مُضَارِعٌ مَجْهُولٌ

Intentional indeterminate noun .... نَكِرَةٌ مَقْصُودَةٌ

Letter of protection .... حَرْفُ وِقَايَةٍ

٥ ـ الكلماتُ الآتيةُ من جذرٍ واحدٍ قدْ جُمعتْ تحتَ أحدِها حرصًا على التّرتيبِ الهجائيِّ . نحوَ:

4 – THE ENGLISH-ARABIC LEXICON

This is a recapitulation of the Arabic lexicon in English alphabetical order.

1 – The letters of signification are represented by one of the most common Arabic uses of each letter, e.g. under **E**:

Except .... إِلَّا

2 – Different nouns obey the same rule, e.g.:

Anteriorly .... آنِفًا
In the morning .... ضَحْوَةً
This (masc.) .... ذَا
Twelve .... اثْنَا عَشَرَ، اثْنَتَا عَشْرَةَ

3 – Verbs are in alphabetical order in their infinitive form e.g.:

Be impossible (To ...) .... اسْتَحَالَ
Cease (Not ... to) .... انْفَكَّ (ما ...)
Do (To ...) .... فَعَلَ
Have a defect (To ...) .... عَلَّ
Soften the voice (To ...) .... رَخَّمَ
Turn about (To ...) .... انْقَلَبَ

4 – The technical words and grammatical expressions represent exclusively the author's conception, without reference to the orientalists as indicated in the arabic lexicon, e.g.:

Agent-function .... فَاعِلِيَّةٌ
Circumstantial sentence .... جُمْلَةٌ ظَرْفِيَّةٌ
Conform ignored verb .... فِعْلٌ مُضَارِعٌ مَجْهُولٌ
Intentional indeterminate noun .... نَكِرَةٌ مَقْصُودَةٌ
Letter of protection .... حَرْفُ وِقَايَةٍ

5 – Words belonging to the same family have been grouped with one of them and in alphabetical order, e.g.:

٣ ـ الدّراسةُ التّقنيّة

طُبعتْ على ورقٍ ملوّنٍ يفصلُ بينَ المسردينِ ، وتَحتوي على:

١ ـ دراسةٍ متعلّقةٍ بِمعاييرِ اخْتيارِ المعرباتِ والمبنيّاتِ في القواعدِ العربيّةِ.

٢ ـ جداولِ مقارنةٍ في كتابةِ الحروفِ وَفي المصطلحاتِ الرئيسةِ.

٣ ـ لوائحَ في حروفِ المباني وحروفِ المعاني.

٤ ـ لوائحَ في الأسماءِ المتصرّفة والأسماءِ غيرِ المتصرّفةِ.

٥ ـ لوائحَ في الأفعالِ الخاصّةِ.

3 – TECHNICAL STUDY

Printed on colored pages separating the two lexicons, it comprises:

I – A study of criteria for selecting declined and structured words in Arabic grammar.

2 – Comparative tables of orthography of the letters and essential terminology.

3 – Lists of letters of construction and letters of signification.

4 – Lists of variable and invariable nouns.

5 – Lists of particular verbs.

٣ ـ وَإليكَ عبارةً في أكثرَ منْ كلمتين [مُنَادَى مُشَبَّهٌ بِالمُضَافِ].
هذه العبارةُ تَندرجُ في التّرتيبِ الآتي:

Called similar to the annexing .... **مناَدَى مُشَبَّهٌ بِٱلْمُضَافِ**

Called similar to the annexing .... **مُشَبَّهٌ بِٱلْمُضَافِ** (مُنَادَى ...)

By (at, by means of, during, for, I swear by, in, with) .... **بِ**

Called similar to the annexing .... مُنَادَى مُشَبَّهٌ بِٱلْمُضَافِ

Called similar to the annexing .... **مُضَافِ** (مُنَادَى مُشَبَّهٌ بِٱلْ...)

To call .... **نَدَى**

Called similar to the annexing .... مُنَادَى مُشَبَّهٌ بِٱلْمُضَافِ

To resemble .... **شَبَهَ**

Called similar to the annexing .... مُنَادَى مُشَبَّهٌ بِٱلْمُضَافِ

To annex .... **ضَافَ**

Called similar to the annexing .... مُنَادَى مُشَبَّهٌ بِٱلْمُضَافِ

3 – Example of an expression of more that two words: (مُنَادَى مُشَبَّهٌ بِالمُضَافِ):

This expression is found in the following order:

Called similar to the annexing .... **مُنَادًى مُشَبَّهٌ بِٱلْمُضَافِ**

Called similar to the annexing .... (مُنَادًى ...) **مُشَبَّهٌ بِٱلْمُضَافِ**

By (at, by means of, during, for, I swear by, in, with) ....**بِ**

Called similar to the annexing .... مُنَادًى مُشَبَّهٌ بِٱلْمُضَافِ

Called similar to the annexing .... (مُنَادًى مُشَبَّهٌ بِٱلْ...) **مُضَافِ**

To call .... **نَدَى**

Called similar to the annexing .... مُنَادًى مُشَبَّهٌ بِٱلْمُضَافِ

To resemble .... **شَبَهَ**

Called similar to the annexing .... مُنَادًى مُشَبَّهٌ بِٱلْمُضَافِ

To annex .... **ضَافَ**

Called similar to the annexing .... مُنَادًى مُشَبَّهٌ بِٱلْمُضَافِ

الرّئيسِ كلمةُ [Idem]. غيابُ الحاصرتينِ يَعني أَنَّ المستشرقينَ قَدْ أهملوا ترجمةَ التّعبيرِ المعنيِّ. بهذهِ المقارنةِ يَتمكّنُ القارئُ مِن امتلاكِ نظرةٍ شموليّةٍ على المفاهيمِ المختلفةِ، وَمِنَ المحافظةِ في الوقتِ نفسِهِ على استِنْتاجاتِهِ الخاصّةِ.

١ - إليكَ كلمةً تقنيّةً منفردةً: [آسْتِغَاثَةٌ]. هذه الكلمةُ تندرجُ بلفظِ جزئِها الأوّلِ تحتَ حرفِ الهمزةِ:

آسْتِدْرَاكٍ (حَرْفُ ...) .... **Letter of restriction**

آسْتِغاثَةٌ أَصْلُهُ غَوَثَ .... **Help,** root to help

كما تَندرجُ مجدّدًا في أَصلِها تحتَ حرفِ الغينِ:

غَوَثَ .... **To help**

آسْتِغَاثَةٌ .... Help

[*Call for help*]

مُسْتَغَاثٌ .... Helping

[*Person called to aid*]

مُسْتَغَاثٌ لَهُ .... Helped

[*Person against whom aid is required*]

٢ - وَإليكَ عبارةً مِنْ كَلمتينِ [استثناءٌ مُنْقَطِعٌ]. فَهِيَ تَندرجُ بِلفظِ جزئِها الأوّلِ تحتَ حرفِ الهمزةِ:

آسْتِثْنَاءٌ مُنْقَطِعٌ .... **Detached exclusion**

[*Different exception*]

وَتَنْدرجُ كذلكَ بِلفظِ جزئِها الثّاني تحتَ حرفِ الميمِ:

مُنْقَطِعٌ (آسْتِثْنَاءٌ ...) .... **Detached exclusion**

وَتَندرجُ أيضًا في أَصلِ كلٍّ مِنْ جزئَيْها:

ثَنَى .... **To fold in two**

آسْتِثْنَاءٌ مُنْقَطِعٌ .... Detached exclusion

قَطَعَ .... **To cut**

آسْتِثْنَاءٌ مُنْقَطِعٌ .... Detached exclusion

italics. When the choices are identical, the word [idem] will appear under the principal line. The absence of brackets indicates that the orientalists have neglected to translate the term in question. Thus the reader will have an overview of the different conceptions and may draw his own conclusions.

1 – Example of an isolated technical term: (آسْتِغَاثَةٌ). This word is found in its final form under the letter (ء):

Letter of restriction .... آسْتِدْرَاك (حَرْف ...)
Help, root to help .... آسْتِغَاثَةٌ أَصْلُهُ غَوَث

It is found again in its radical form under the letter (غ):

To help .... غَوَثَ
Help .... آسْتِغَاثَةٌ
[*Call for help*]
Helping .... مُسْتَغَاثٌ
[*Person called to aid*]
Helped .... مُسْتَغَاثٌ لَهُ
[*Person against whom aid is required*]

2 – Example of a two-word expression: (آسْتِثْنَاءٌ مُنْقَطِعٌ). It is found in the final form of the first word under the letter (ء):

Detached exclusion .... آسْتِثْنَاءٌ مُنْقَطِعٌ
[*Different exception*]

It is also found in the final form of the second word under (م):

Detached exclusion .... مُنْقَطِعٌ (آسْتِثْنَاءٌ ...)

It is also found in the radical form of both words:

To fold in two .... ثَنَى
Detached exclusion .... آسْتِثْنَاءٌ مُنْقَطِعٌ
To cut .... قَطَعَ
Detached exclusion .... آسْتِثْنَاءٌ مُنْقَطِعٌ

٦ ـ بعضُ الأسماءِ المنصوبةِ، وَالمختارةِ بِسببِ شيوعِ استعمالِها، تَندرجُ كذلكَ في التّرتيبِ العامِّ:

أهلًا .... Welcome!

٢٤ ـ في الإنكليزيّةِ، تَظهرُ الأفعالُ بصيغةِ (Infinitive) بالرّغمِ من أنّها في العربيّةِ تظهرُ بصيغةِ الماضي. وَقَد اعتمدْنَا هذا الحلَّ لِنُبْرزَ انتماءَ الكلمةِ إلى الفعلِ مماشاةً معَ الأفعالِ الإنكليزيّةِ. من جهةٍ أُخرى، أُعطيَ كلُّ فعلٍ معادلةً واحدةً بالرّغمِ من تعدّدِ معاني الأفعالِ. وَعلى القارئِ أن يُدركَ اضْطرارَنا إلى اختيارٍ واحدٍ، على مثالِ ما فعلَهُ النّحويُّ العربيُّ، تحاشيًا لِلتّكرار. فَعلَى سبيلِ المثالِ، لائحةُ الأفعالِ المتعدّيَةِ إلى ثلاثةِ مفاعيلَ، ناطقةٌ عنْ ذاتِها، لِأنَّ كلَّ فعلٍ منها له معنَى الأفعالِ الأُخرَى:

أخْبَرَ .... To give information

أرَى .... To show

أعْلَمَ .... To notify

أنْبَأَ .... To warn

حَدَّثَ .... To recount

خَبَّرَ .... To inform

نَبَّأَ .... To announce

بعضُ الأفعالِ كَأفعالِ المدحِ والذمِّ، تُشكّلُ صعوباتٍ في ترجمتِها بِصيغةِ (Infinitive). وَقد اعتمدْنا لها معادلةً مستوحاةً منْ معناهَا العامِّ. نحوَ [بِئْسَ] الدّالةِ على شعورٍ بِالأسفِ: يَا للأسفِ! يا للتعاسةِ! مَا أَقبحهُ!

وَهيَ تَندرجُ في هَذا المسردِ تحتَ حرفِ الباءِ:

بِئْسَ .... To afflict

٢٥ ـ الكلماتُ التقنيّةُ وَالتّعابيرُ القواعديّةُ تُرجمتْ عَلى سطرٍ واحدٍ وفاقًا لِمفهومِ المؤلّفِ. تحتَ هذا الخطِّ، ولِلكلمةِ التّقنيّةِ نفسِها، أوردْنَا الحلولَ والتّرجمةَ الّتي اعتمدَها المُستشْرقونَ، بينَ حاصرتينِ وبخطٍّ رفيعٍ مائلٍ (Italics). عِندمَا تَتّفقُ الاختياراتُ، تَظهرُ تحتَ الخطِّ

6 — Certain nouns of open ending, chosen for their current usage, are found also in the general order:

Welcome ! .... أهْلًا

24 — Verbs are represented in English, in the infinitive form, while in Arabic the past form is used. This solution has been adopted to maintain in evidence the word's relation to the verb, in the manner of English verbs. On the other hand, a single equivalence is given for each verb, despite the numerous meanings these verbs can have. The reader will understand that it was necessary to choose one, as does the Arab grammarian, to avoid repetitions. By way of example, the list of transitive verbs over three patients speaks for itself, each verb being able to have the same meaning as the others:

To give information .... أخْبَرَ
To show .... أرَى
To notify .... أعْلَمَ
To warn .... أنْبَأَ
To recount .... حَدَّثَ
To inform .... خَبَّرَ
To announce .... نَبَّأَ

Certains verbs, such as the verbs of praise and blame, are difficult to translate as infinitives. For these verbs we have adopted an equivalence inspired by their general meaning. For example, the verb (بِئْسَ) is used for expressing a feeling of affliction: What a misfortune! How sad! How awful!
In this lexicon it will thus appear, with the letter (ب):

To afflict .... بِئْسَ

25 — Technical terms and grammatical expressions are translated along the same line according to the author's conception. Below this line, the solutions chosen for the same word by different orientalists will be set down in brackets and in

To know by experience .... خَبَرَ
Predicate of ÉiÑa .... خَبَرُ إِنَّ
To prick .... هَمَزَ
HaM'ZaT̈u of INDEED .... هَمْزَةُ إِنَّ

٢٣ ـ أنواعُ الاسمِ المختلفةُ حُصرتْ ترجمتُها بلفظٍ واحدٍ رأيناهُ الأقربَ إلى مدلولِه. وَقَدْ أهملْنا معانِيَهُ المُحتملَةَ لِأَنْ ليسَ القصدُ في معجمِنا أنْ يتحوَّلَ إلى قاموسٍ لغويّ. نحوَ:

١ ـ اسمُ الإشارةِ [هَذَا] يَندرجُ تحتَ حرفِ الهاءِ:

This .... هَذَا

٢ ـ ضميرُ المُخاطبِ [أَنْتُمْ] يَندرجُ في فئةِ [أَنْتَ] تحتَ الهمزةِ:

You (masc. sing.) .... أَنْتَ
You (dual) .... أَنْتُمَا
You (masc. plur.) .... أَنْتُم

٣ ـ اسمُ الاستفهامِ [كَيْفَ] يَندرجُ تحتَ الكافِ:

How .... كَيْفَ

٤ ـ اسمُ الظّرفِ [صَبَاحَ مَسَاءَ] يَندرجُ تحتَ الصادِ:

Morning and evening .... صَبَاحَ مَسَاءَ

٥ ـ اسمُ العددِ [ثَلَاثَةٌ] يَندرجُ معَ فئةِ فعلِه المجرّدِ تحتَ الثاءِ:

To be third .... ثَلَثَ
Three hundred thousand .... ثَلَثُمائَةِ أَلْفٍ
Three .... ثَلاثٌ، ثَلاثَةٌ

أمّا اسمُ العددِ [تِسْعَةٌ] فلمْ نَجدْ مبرّرًا يُعيدهُ إلى أصلٍ فأدرجناهُ في الترتيبِ العامّ:

Euphony of the called .... تَرْخِيمُ ٱلمُنَادَى
Nine .... تِسْعٌ، تِسْعَةٌ

To know by experience .... خَبَرَ

Predicate of ÉiÑa .... خَبَرُ إِنَّ

To prick .... هَمَزَ

HaM'ZaTu of INDEED .... هَمْزَةُ إِنَّ

23 – The various kinds of noun have only one translation representing the use judged to be closest to this noun. The other possible meanings have been ignored because this lexicon does not pretend to replace a language dictionary. E.g.:

1 – The demonstrative noun (هَذَا) is found with the letter (ه):

This (masc.) .... هَذَا

2 – The personal noun (أَنْتُمْ) is found in the group (أَنْتَ) with the letter (ء):

You (masc. sing.) .... أَنْتَ

You (dual) .... أَنْتُمَا

You (masc. plur.) .... أَنْتُمْ

3 – The interrogative noun (كَيْفَ) is found under the letter (ك):

How .... كَيْفَ

4 – The circumstantial noun (صَبَاحَ مَسَاءَ) is found under the letter (ص):

Morning and evening .... صَبَاحَ مَسَاءَ

5 – The numeral noun (ثَلاثَةٌ) is found in the group of its denuded verb with the letter (ث):

To be third .... ثَلَثَ

Three hundred thousand .... ثَلَثُمِائَةِ أَلْفٍ

Three .... ثَلاثٌ، ثَلاثَةٌ

The numeral noun (تِسْعَةٌ), on the other hand, will be found in the general order, as we do not think it justified to return to its root:

Euphony of the called .... تَرْخِيمُ ٱلْمُنَادَى

Nine .... تِسْعٌ، تِسْعَةٌ

Convenient vowel .... حَرَكَةٌ مُنَاسِبَةٌ

Vocalized .... مُتَحَرِّكٌ

٢ ـ وَاللفظُ الواردُ يَنطلقُ منَ الحرفِ الأوّلِ لِلكلمةِ مع الإشارةِ إلى أصلهِ إذا وجبَ الأمرُ:

Vocalization, root to move .... تَحْرِيكٌ أَصْلُهُ حَرَكَ

Letter of stimulation .... تَحْضِيضٍ (حَرْفُ ...)

Etc. .... الخ

٢٢ ـ حروفُ المعانِي لها غالبًا معانٍ عدّةٌ. المعنَى الأكثرُ شيوعًا يوضعُ أوّلًا، وَالمعانِي الفرعيّةُ توضعُ بينَ قوسين . نحوَ:

١ ـ الحرفُ [إلَّا] نجدُهُ في ترتيبٍ هجائيٍّ حيث الهمزةِ:

Except (if not, otherwise, unless, save) .... إلَّا

وَلإيجادِ **(Except)** في المسردِ الإنكليزيِّ ـ العربيِّ ، يجبُ العودةُ إلى الحرفِ **(E)**.

٢ ـ إذا أردْنا البحثَ عن [إنَّ] والاستعلامَ عنْ مُشتملاتِها، وَجدْنا ذلكَ أوّلًا في حرفِ الهمزةِ:

Indeed .... إنَّ، أنَّ

Sisters of **É*i*Ña** .... أَخَوَاتُ إنَّ

Noun of **É*i*Ña** .... آسْمُ إنَّ

É*i*Ña and its sisters .... إنَّ وَأَخَوَاتُهَا

Predicate of **É*i*Ña** .... خَبَرُ إنَّ

H*a*M'Z*a*T̈*u* of INDEED .... هَمْزَةُ إنَّ

أمّا المتفرّعاتُ المختلفةُ عنْ هذا الحرفِ، فَيتعيَّنُ البحثُ عنها في المسردِ تبعًا لِلحرفِ الأوّلِ الّذي يَبدأُ بهِ الفرعُ:

*, **H*a*M'Z*a*T̈*u*''**, root to prick .... ء، هَمْزَةٌ أَصْلُهَا هَمَزَ

....

* **H*a*M'Z*a*T̈*u*** of INDEED .... ء (هَمْزَةُ) إنَّ

To fraternize .... أَخَا

Sisters of **É*i*Ña** .... أَخَوَاتُ إنَّ

Noun of É*i*Ña .... آسْمُ إنَّ

Convent vowel .... حَرَكَةٌ مُنَاسِبَةٌ

Vocalized .... مُتَحَرِّكٌ

2 — The final form is found in alphabetical order by the first letter of the word, with reference to its root, if appropriate:

Vocalization, root to move .... تَحْرِيكٌ أَصْلُهُ حَرَكَ

Letter of stimulation .... تَحْضِيضٍ (حَرْفُ ...)

Etc. .... الخ

22 — The letters of signification have, in general, several meanings. The most common is placed first, the others in parentheses. E.g.:

1 — The letter (إِلَّا) is found in alphabetical order with the letter (ء):

Except (if not, otherwise, unless, save) .... إِلَّا

To find this letter in the English-Arabic lexicon, look for **Except** under the letter **E.**

2 — If you wish to find the letter (إِنَّ) and see all its implications, look first under the letter (ء):

Indeed .... إِنَّ، أَنَّ

Sisters of **É*i*Ña** .... أَخَوَاتُ إِنَّ

Noun of **É*i*Ña** .... اسْمُ إِنَّ

É*i*Ña and its sisters .... إِنَّ وَأَخَوَاتُهَا

Predicate of **É*i*Ña** .... خَبَرُ إِنَّ

H*a*M'Z*a*T̈*u* of INDEED .... هَمْزَةُ إِنَّ

The various subdivisions of this letter indicate the place in the lexicon where one might look further:

*, **H*a*M'Z*a*T̈*u*''**, root to prick .... ء، هَمْزَةٌ أَصْلُهَا هَمَزَ

....

* **H*a*M'Z*a*T̈*u*** of INDEED .... ء (هَمْزَةُ) إِنَّ

To fraternize .... أَخَا

Sisters of **É*i*Ña** .... أَخَوَاتُ إِنَّ

Noun of É*i*Ña .... اسْمُ إِنَّ

مُتعلّقةٌ بِاستعمالِ هذا المعجمِ

١ ـ تمهيدٌ

يحتوِي هذا المعجمُ علَى:

١ ـ مقدّمةٍ

٢ ـ مسردٍ عربيٍّ ـ إنكليزيٍّ

٣ ـ دراسةٍ تقنيّةٍ على أوراقٍ مُلوّنةٍ

٤ ـ مسردٍ إنكليزيٍّ ـ عربيٍّ

٥ ـ إرشاداتِ الاستعمالِ

٢ ـ المسردُ العربيُّ ـ الإنكليزيُّ

٢١ ـ وهوَ يتألّفُ منْ حروفٍ وَأسماءٍ وَأفعالٍ وَتعابيرَ تُشكّلُ التّصنيفَ القواعديَّ العربيَّ. وَقدْ وُضعتْ تلكَ الكلماتُ في ترتيبٍ هجائيٍّ تبعًا لأصلِها وتبعًا لِوُرودِ لفظِها.

١ ـ وَالأصلُ هوَ الفعلُ المجرّدُ الّذي منهُ اشتُقّتْ هذهِ الكلمةُ. وَيَندرجُ تحتَ هذا الفعلِ كلُّ مشتقّاتِهِ المستعملةِ في القواعدِ.

نَحْوَ:

حَرَكَ	To move
تَحْرِيكٌ	Vocalization
حَرَكَةٌ	Vowel
حَرَكَةٌ ظَاهِرَةٌ	Apparent vowel
حَرَكَةٌ مُقَدَّرَةٌ	Supposed vowel

INSTRUCTIONS

How to Use this Dictionary

1 – PREAMBLE

This dictionary contains:

1 – A preface

2 – An Arabic-English lexicon

3 – A technical study on colored pages

4 – An English_Arabic lexicon

5 – Instructions for use.

2 – THE ARABIC-ENGLISH LEXICON

21 – It comprises the letters, nouns, verbs, and expressions representing Arabic grammatical nomenclature. These words are placed in alphabetical ordre according to their radical form and their final form.

1 – The radical form is that of the denuded verb from which this word was derived. Below this verb are all its derivatives used in grammar. E.g.:

To move .... حَرَّكَ

Vocalization .... تَحْرِيكٌ

Vowel .... حَرَكَةٌ

Apparent vowel .... حَرَكَةٌ ظَاهِرَةٌ

Supposed vowel .... حَرَكَةٌ مُقَدَّرَةٌ
